

1988
ANNUAL REPORT
of the Town of
HAMPSTEAD, NEW HAMPSHIRE

1938

TOWN OF HAMPSTEAD

THE
HAMPSTEAD VOLUNTARY FIRE-PROTECTIVE ASSOCIATION

IS a purely Voluntary Organization designed to help PREVENT and PROTECT our lives and homes from the Hazard of Fire. It has NO power to tax, assess or compel.

ANY and EVERY citizen or property owner (over 18) in Hampstead may be a Regular Member. ANY other person may be an Honorary Member.

BY JOINING the Association many people who value Fire-Protection can help bear the cost that a few property-owners can not bear alone.

JOINING the Association carries no obligation beyond paying the annual dues of One Dollar.

Regular Members of the Association may render Additional Service if they wish to do so. Men in the Active Department. Women in the Auxiliary.

Regular Monthly Meetings of the Association the Second Tuesday Evening of each month at the Town Hall. Programs of general interest and Value to every one interested in Fire-Prevention and Fire-Protection.

By Cooperation in the Association WE CAN prevent and minimize fire losses. By Voluntary Cooperation WE CAN make this Association of inestimable value to our Community.

Dedication

It is with great pride and sincere gratitude that the citizens of Hampstead dedicate this year's Town Report to the Hampstead Fire Department on their 50th anniversary of service to the town.

Organized in the Spring of 1938 because of the town's growing population (it was nearing 900!) the Voluntary Fire Protection Association set forth these goals: "To form a more perfect organization, establish harmony of action, promote the best interests of the Townspeople in protection against fire——". Fully aware that the task before them was no small undertaking, they realized "its accomplishment will require time, patience, unselfish cooperation and money."

During that first year, in 1939, under its first chief, Levi Duston, the association bought its first truck - Engine I - at a cost of \$2,500. It carried 200 gallons of water and was housed in Elmer Ingraham's barn on Main Street during the winter months. There were 22 active members and as many substitutes and a house-to-house membership drive resulted in 100 volunteers. The fire department budget was \$227.50. There were 12 calls - mostly for chimney fires.

Voters at the 1941 Town Meeting approved spending \$2,500 for materials to build Central Fire Station. Most of the labor was provided by volunteers.

In 1942 a siren was installed on the firehouse roof. The department was averaging 20 calls a year.

Perhaps the greatest challenge the firefighters faced came during the five days in October, 1947 when a forest fire smoldered off West Road and virtually threatened the town. Mrs. Duston, the chief's wife, loaded portable pumps and other supplies on her husband ice truck. She also organized the women to serve refreshments to the firefighters on the scene. Thanks to an all-round valiant effort, there were no homes lost and no deaths or injuries.

As development reached other areas of town a need arose for an additional fire station in East Hampstead. Fire House #2 was completed in 1959, again through the efforts of countless volunteers.

In 1974 the Emergency Rescue Squad was formed to provide immediate emergency care to the townspeople.

In 1985, having outgrown the Central Fire Station, the fire department moved into its new \$375,000 firehouse on Little's Lane. Once again volunteer labor helped complete interior work.

In 50 years the town's population has jumped from 900 to approximately 7,000 and the fire department has grown to 40 members. Equipment numbers three pumpers, two tanks, a forestry truck and two rescue vehicles. The number of annual calls has increased from 12 to 362 - almost a call a day!

The majority of the fire department's volunteers have families and full-time jobs that deserve their attention yet they manage to find the time and the sense of responsibility for the 40 hours of required training each year and to drop what they might be doing to come to the aid of a neighbor.

The town may have grown and changed in the past half century but the spirit that existed back in the bucket brigade days - the spirit of neighbor helping neighbor - lives on through the dedication of our fire department volunteers!

FIRE DEPARTMENT CHIEFS

Levi Duston	1938-'40, 1942-'45	R. Arthur Johnson	1960, '61
Newell Wormwood	1940	Russell Hall	1963, '64
Elmer Ingraham	1941	Robert Letoile	1965-'67, 1972
Roland True	1946-'48	Cliff Demeritt	1968,'69
Frank Howard	1949-'52	Paul Wentworth	1970,'71,'74
Kenneth Duston	1953,'54	Wesley Hodgeman	1973,'74
Alfred Brickett	1955-'57,1975,'76	Glenn Fitts	1974
Gene T. Duston	1957-'60	Walter Hastings	1977-

Historical Highlights

- 1938 - Hampstead Voluntary Fire-Protection Association Formed. One hundred members signed up. Fire department budget was \$277.50
- 1939 - First truck - Engine I - purchased for \$2,500. It carried 200 gallons of water
- 1940 - Town voted \$500 for 500 feet of fire hose. There were 22 active members.
- 1942 - Central Fire Station built for \$2,500 and volunteer labor.
- 1947 - Forest fire started off West Road and burned for five days threatening the town if the wind should change.
- 1948 - Purchased 500 gallon tank truck with help from the Civic Club, Firemen's Association and the Town.
- 1949 - Had a total of 13 water holes throughout town.
- 1951 - Alarm system installed.
- 1953 - Ingraham Fund established for firemen's relief.
- 1955 - Red phone system installed.
- 1957 - Hampstead High School senior David Duston wrote the winning essay which appeared in the Town Report on the history of the fire department. David is now captain of the Rescue Squad.
- 1958 - Work begun on fire station in East Hampstead.
- 1960 - Purchased its second piece of factory-built equipment - 500 gallon pumper.
- 1962 - Purchased 1600 gallon tank truck (Tank 5) to be housed in East Hampstead station.
- 1963 - Volunteers were outfitted with rubber boots and duck coats at a cost of \$333.
- 1964 - Department acquires four Walkie-Talkie radios.
- 1965 - Start of Annual Santa Parade with Santa riding on a fire truck.
- 1966 - Addition to Central Station. Gift of three radios from the police department.
- 1967 - Levi Duston Fund started for children at Christmas and for injured firefighters.
- 1968 - Siren installed on Custeau's Laundromat.
- 1970 - Two Scott air packs purchased.
- 1973 - Scuba team formed with two members.
- 1974 - Radio alerting system Emergency Rescue Squad formed.
- 1975 - Purchased its third piece of factory-built equipment- Engine I - which will carry 1200 gallons of water and pump 1000 gallons per minute.
- 1977 - Number of fire calls jumps by 64 percent as town's population rises.
- 1979 - Forestry truck bought and built by Firemen's Association.
- 1984 - Dispatcher Helen Conley retires. Dispatch through Derry Fire Department begins. Work begins on new Central Fire Station. One of area's largest fires at Hunt's tire pile.
- 1985 - Work completed on new Central Fire Station on Little's Lane. Purchased Tank 6 with a 1500 gallon a minute pump and 3500 gallon capacity.
- 1987 - Department faces flooding conditions throughout town after heavy rains.
- 1988 - Department numbers 40 members; equipment consists of three pumpers, two tanks, one forestry truck, two rescue vehicles. There are 17 year-round dry hydrants. Members respond to a total of 362 fire and rescue calls.

Stanley P. Johnson

In appreciation from the town and the school for your many
years of service to the town of Hampstead.

February 2, 1988

Board of Selectmen
Town of Hampstead, New Hampshire

We have examined the general purpose financial statements of the Town of Hampstead, New Hampshire for the year ended December 31, 1987 and have issued our report thereon dated February 2, 1988. As part of our examination, we made a study and evaluation of the system of internal accounting control of the Town of Hampstead, New Hampshire to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards.

The purpose of our study and evaluation was to determine the nature, timing, and extent of the auditing procedures necessary for expressing an opinion on the entity's financial statements. Our study and evaluation was more limited than would be necessary to express an opinion on the system of internal accounting control taken as a whole.

The management of the Town of Hampstead, New Hampshire is responsible for establishing and maintaining a system of internal accounting control. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures. The objectives of a system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Because of the inherent limitations in any system of internal accounting control, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the system to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with procedures may deteriorate.

Our study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting control of the Town of Hampstead, New Hampshire taken as a whole. However, our study and evaluation disclosed the following

conditions that we believe result in more than a relatively low risk that errors or irregularities in amounts that would be material in relation to the financial statements of the Town of Hampstead, New Hampshire may occur and not be detected within a timely period.

TAX COLLECTOR/TOWN CLERK

In our prior management letter, we recommended that the Tax Collector/Town Clerk discontinue the practice of maintaining separate checking accounts for each office. We again wish to express our concerns about the lack of separation of duties in this area, a material weakness in sound internal accounting controls, because the Tax Collector/Town Clerk is responsible for the receipt and disbursement of funds. In addition, we find no statutory authority for either the Town Clerk or Tax Collector to maintain checking accounts. We further note the continued practice of disbursement of funds from the tax collector's checking account to outside purchases of tax liens. Under the state law, only the Treasurer, upon order of the Board of Selectmen, may disburse funds. Finally, we continue to note that transfers to the Town Treasurer are not made in a timely fashion as required by state law.

We urge the Town to reconsider the continuation of this procedure. An alternative procedure would be to transfer the signature authority to the Town Treasurer while maintaining separate accounts. Because there is no statutory authority for the Tax Collector/Town Clerk to maintain checking accounts, we recommend that this current procedure be reviewed with your current insurance agent to insure that, in the unlikely event of a loss, the insurance company would agree to make reimbursement to the Town.

TIMELINESS OF DEPOSITS

Also as in the prior year, we noted that cash received in the selectmen's office is not consistently deposited in a timely fashion.

Leaving cash undeposited for prolonged periods leaves the Town to the potential of loss or theft. Therefore, we suggest that a regular schedule be determined for weekly deposits to limit the amount of cash funds on hand to less than \$500 at all times.

Building Inspector's Report—1988

During the year this office issued 313 building permits, 97 plumbing permits, and 152 electrical permits. The building permits included 91 single family homes, 6 duplex homes, 5 apartment buildings, 6 residential condominiums, and 4 commercial buildings.

The total of new assessments for the Town of Hampstead was \$14,632,441 and showed a 9 percent decrease over the 1987 period. This is reflected in the decrease in building permits and the down-turn in the building industry.

In spite of the slow down in the building industry, the outlook for Hampstead is above the norm for the area. We have numerous projects before the planning board-approved, under construction or proposed. We have an approved industrial sub-division on Kent Farm Road, a large multi-family project on Depot Road, a large business condo project approved and under construction on Stage Road. Also under consideration is a mini-mall in East Hampstead. All these projects have a positive impact on the tax base of the town after considering the 1988 tax rate increase and the difficulties that such an increase imposed.

After receiving permission by the legislative body at the March 1988 Town Meeting, the fee schedules for the building department were revised. With the changes in the fees, including plumbing and electrical permits, our goal of making the building department self-sustaining has been reached. The fees that were received by this office were well in excess of the operating cost of this department. We anticipate fine-tuning the fee schedules further which will enhance our position even more. When we consider the operating costs of this office include code enforcement, building inspection, tax assessing, health and welfare departments, a positive trend has been reached.

During the winter months a representative of the planning board and I attended a course of instruction sponsored by the University of New Hampshire on the subject of soils from the glacial times to present. The design and installation of sub-surface disposal systems was also covered. During the year I took the prescribed test from Water Supply Supply and Pollution Control Commission and was granted an installer's permit for sub-surface systems. I feel that the possession of such a permit makes for a more tenable situation in view of the fact I inspect all disposal systems.

In June I attended a week of instruction at the New Hampshire Technical Institute sponsored by the Department of Revenue Administration. The course covered the subject of assessing by use of the State of New Hampshire cost manual, including the assessment of real property and the guidelines of the Department of Revenue Administration. In September I attended a week-long period of instruction at U. Mass. Amherst covering course 2.- The Income Approach to Valuation. One remaining course is required by the International Association of Assessing Officials - Mass Appraisal will become available during the upcoming summer months and I plan to attend that course. That will complete the requirements of the association to qualify me to take the final exam to become a certified appraiser.

The cooperation of the Board of Selectmen, Fire Chief Chip Hastings, and fire department inspector Walter Eaton is appreciated. Without their ever-present understanding and assistance the responsibility of this office would be more difficult.

Special thanks also to Deputy Building Inspector Paul Wentworth, for filling in during my absences and for his able assistance throughout the year. Appreciation is also extended to my ever present assistant, Dawn Shaw.

Respectfully submitted,

Kenneth H. Clark

Selectmen's Report

The members of The Board of Selectmen submit to the tax payers and residents of the Town of Hampstead our report for the year 1988. We will attempt to highlight some of this year's accomplishments.

During the past year, it has been necessary for The Board to make decisions and take stands that were not always popular. The Board is elected by all of the voting townspeople and is therefore required to consider the effects of their actions on the entire town, giving due considerations to the differing opinions of many people. The long term benefits accruing to the town are not always consistent with a short term "bandage" approach to town problems.

We clearly recognize our duty and responsibility to all of the townspeople of Hampstead and will continue to bring our collective wisdom and judgement to bear on today's problems, while keeping in mind the long term effects of present day policies.

This past year two problems have taken on increasing significance within our town. Rubbish and septage disposal costs have risen dramatically with no end of increases in sight. We need to mount a major effort to study alternatives to our present methods. Recycling processes and multi-community participation are two of the areas that we must explore.

We have worked very closely with the road agent on the road improvement project. We feel that everyone who travels the roads that have been completed would have to agree that there has been great improvement. We realize that some people were inconvenienced while these projects were going on, and we appreciate their cooperation. We would like to thank Roger Sanborn for the time and effort he has put into this project.

Getting all roads that qualified approved at last year's town meeting enabled us to receive more highway aid money from the state.

The Board has walked the town bounds of Derry, Atkinson, Kingston, and Danville this year with Sandown and Plaistow yet to be done. There is a state requirement that this be done every seven years.

The revaluation that was voted at last year's town meeting has been awarded to Avitar of Deerfield, N.H. The process is well underway and should be completed by September of this year.

We are all unhappy with the large tax increase in 1988 and have worked very hard this year to keep 1989's town budget as low as possible. Most departments have had a reduction in their budgets.

This year saw a big change on election days, with the addition of new voting booths and a "state of the art" vote counting machine. Probably the biggest change was in the relocation of the voting and town meeting to the Middle School. This provided much easier access for the handicapped and elderly as well as needed space for town meeting. We would like to thank the Hampstead School Board, Mr. Little, and the Middle School staff for helping in this transition.

We saw a change in the Town Office building with the addition of space and much needed storage to the Town Clerk - Tax Collector's office. This addition has made serving the public easier and more efficient. We would like to thank Dean Howard who donated his time to draw the plans for this project.

Another word of thanks goes to the Citizens For A Safer Hampstead for the work they have done to make us all aware of the importance of driving slower in our town. The bumper sticker campaign was a great success and the signs that were installed are very attractive.

1988 marked the 50th anniversary of the Hampstead Volunteer Fire Department. For one half century men and women have given their time unselfishly for the protection of life and property of the citizens of the Town of Hampstead. Our sincere thanks go out to these men and women.

The installation of a new water hole at the fire station and three dry hydrants will enable the fire department to provide protection for the property in the center of town.

We would like to take the opportunity to acknowledge and express our appreciation to members of various committees, boards, civic organizations, department heads, and volunteers. Without the cooperation and many hours of hard work given by all of these people, Hampstead would not be the town it is. Volunteers are the back bone of our town and any citizens that are interested in volunteer service to our community should submit their names, qualifications, and areas of interest to the Selectmen.

We feel that we must remind every owner of property that there is a penalty which applies to your real estate taxes if you fail to file an inventory form with the Selectmen prior to April 15, 1989. The penalty is 1% of your tax bill with a minimum of \$10 and a maximum of \$50. We have been and will continue to enforce this penalty provision without exemption. It is your responsibility to get the completed form to the Selectmen's office by April 15, and it is preferable that you obtain a receipt for the form if the question should arise later about filing. Without filing this form on a timely basis you lose your right to appeal your property tax assessment to the state. Please make sure you file this important information.

We are looking forward to another year of progress in our community and would like to encourage everyone to attend our annual town meeting on Friday March 17, 1989.

Respectfully submitted,

A handwritten signature in cursive script that reads "Neil E. Emerson".

Neil E. Emerson, Chairman

The following was adopted by the Board of Selectmen on 4/24/88:

CODE OF CONDUCT - BOARD OF SELECTMEN

1. I will not be coerced into decisions by pressure groups; rather, I will listen to all points of view and try to make decisions based on all available data.
2. I will strive to identify my own personal biases and prejudices and to keep them from influencing my decisions unfairly.
3. In the consideration of financial matters, such as budget approval, purchases, salaries, and capital needs, I will attempt to maintain a balanced sense of fiscal responsibility to the Town.
4. I will remember that a Board of Selectmen functions only as a total Board in a legally posted meeting; I will not make unauthorized commitments on behalf of the Board, except in those matters specifically delegated to me by a vote of the Board or assignment of the Chairman.
5. If I should disagree with the majority on any vote, I will abide by the decision of the Board.
6. If contacted by a citizen about a Town matter not specifically delegated to me, I will recommend that the matter be taken up at a legal Board meeting.
7. I will respect the confidentiality of information disclosed in executive sessions of the Board.
8. Even though I have been elected by my friends and neighbors, I will view myself as a representative of the entire Town and will not be influenced by partisanship; I will consistently support what is best for the total Town.
9. I will not participate in Board decisions to obtain goods or services for the Town from companies in which I hold a significant proprietary interest.
10. I will not participate in Board decisions regarding employment of, promotion of, or other benefits to members of my family by the Town.

Planning Board Report—1988

The Planning Board reviewed 17 residential subdivision proposals, 14 were approved and 3 have conditional approval. This represents 4 duplex lots, 145 single family dwelling lots and 8 new roads. A total of 19 site plans were reviewed and 18 approved, the other one has conditional approval. There were 15 proposals for new buildings, 5 were for additions to existing buildings, one was for a condominium office building and there was an approval for two satellite dishes, one shopping center and one church. One commercial subdivision has conditional approval. Approval was granted for one multi-family development and three more received conditional approval. Lot line adjustments granted totaled five. Sixty-six lots were released for building. One commercial subdivision received conditional approval and one mobile home park received conditional approval. Four proposals were denied. As of the first of the year the Board had four plats under consideration.

RESIDENTIAL SUBDIVISION APPROVAL

Robert Villella, Odd Fellows Road: 4 duplex lots, 1 single family lot
Richard & Joanne Leuchte, 18 Hickory Road: 2 lots, 1 buildable
Vincent & Nancy Ternullo, 422 East Road: 2 lots, 1 buildable
R & S Realty, East Road: ROLLING MEADOWS, 66 lots, new roads Pheasant Lane, Golden Meadow Road, Rolling Hill Road, Spring Brook Lane
Corinna Development Corporation, 126 Central Street: LILAC ESTATES, 7 lots, new road Nicole Circle
James & Olympia Sears/Kasher Corporation, Central Street & Hadley Road: HADLEY FARMS, 9 lots, new road Pentucket Drive, upgrade Hadley Road
Dean C. Howard Abby Lane: 2 lots
Anthony Decesare, 213 East Rd: 2 parcels
Wesley Hodgman, 43 Central Street, 2 lots, 1 buildable
Henry McMahon, Cambridge Road, 2 lots to 3 lots (1 new)
Kent Farm Realty Trust, 144 Kent Farm Road: 2 lots, 1 with existing dwelling, 1 parcel
Kent Farm Realty Trust, 144 Kent Farm Road: 10 lots, new road Barthelmess Lane
Gerald Field, Nicole Circle: 4 lots, 3 buildable
Dean C. Howard, Munroe Drive: WILDWOOD, 29 lots, new roads Pitman Road, Partridge Lane

RESIDENTIAL SUBDIVISION CONDITIONAL APPROVAL

Library Study Committee, Emerson Ave., 7/13
Stephanie Ross, Clark Woods, Main Street, 1/49
Douglas Lund, 395 Main Street, 2/57

SITE PLAN APPROVAL

TOWN OF HAMPSTEAD

HIGHWAY DEPARTMENT
ROGER SANBORN, ROAD AGENT
11 MAIN STREET • HAMPSTEAD, NEW HAMPSHIRE 03841
TELEPHONE: 603-329-5110

The Highway Department would like to thank the Townspeople for allowing us to make major road improvements. A lot of improvements have been accomplished this past year, there is still a long way to go, but with your continued support we will be able to achieve our goals. To update you, we would like to announce the completion of the following roads, Wash Pond, Kent Farm, Maple Ave., Sawmill Lane, Holiday Lane, Pinewood Ave., Checkerberry Road, North Salem Road, and Brown Ave. I would like to take this opportunity to thank all Town Officials and other departments for their donated time and efforts to the Highway Dept.

Also, a special thanks to our local Contractors who made themselves available to perform there services as needed. A job well done.

Respectfully yours,

Roger Sanborn
Road Agent

1988 Town Warrant — Town of Hampstead, NH

To the Inhabitants of the Town of Hampstead in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Hampstead Middle School in said Hampstead on Tuesday, the fourteenth day of March, next at ten o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To choose all necessary School Officers for the year ensuing.
3. To see if the Town will vote to amend Article II (RESIDENTIAL ZONE A) Section III #1:
Article III (RECREATIONAL ZONE B) Section V;
Article IV (COMMERCIAL ZONE C-1) Section II #5;
Article V (COMMERCIAL ZONE C-2) Section III #1;
Article VI (COMMERCIAL ZONE C-3) Section III;
and Article X (MULTIPLE UNIT DWELLING STRUCTURES);

to delete the provision for staking lot lines and add:

"Before a building permit shall be issued, a certification will be provided to the Building Inspector verifying the location of all foundations to insure compliance with the Town of Hampstead Zoning Regulations."

Recommended by the Planning Board.

4. To see if the Town will vote to amend Article II (RESIDENTIAL ZONE A) Section VIII. Permitted uses #3; and Article III (RECREATIONAL ZONE B) Section IV #5 by adding the following:

"A. The keeping of animals shall not create a health or safety hazard to immediate abutters or the community at large.

B. Fences shall be erected that are adequate to prevent animals from escaping.

C. Owners shall be responsible for all damages and expenses incurred in the capturing and holding of escaped animals by Town Officials.

D. A fine shall be levied under the guidelines established by the Board of Selectmen whenever a Town Official is called out to capture an animal.

E. Large animals such as horses and cattle shall not be kept on lots of less than four acres unless they meet the following conditions: No more than one large animal shall be kept on one acre lot; no more than three (3) animals on a two acre lot and not more than five (5) animals on a lot of less than four acres.

Recommended by the Planning Board.

5. To see if the Town will vote to amend Article IX (MOBILE HOME REGULATIONS) Section 1. #2 by adding the following:

"There shall be an inspection by the Code Enforcement Officer to ensure the proper installation of the sewage disposal system and related plumbing and proper installation of electrical, gas, and water systems and proper anchorage."

Recommended by the Planning Board.

6. To see if the Town will vote to amend Article V (COMMERCIAL C-2) Section II by adding the following:

"8. Where contiguous or clustered businesses are built, only one general display sign shall be allowed and that sign must be limited to 80 square feet, to identify these businesses.

One additional sign of 15 square feet may be permitted for each business but shall be attached to that part of the building it occupies and shall not be free standing in any way."

Recommended by the Planning Board.

7. To see if the Town will vote to amend Article VI (COMMERCIAL C-3) Section II by adding the following:

"4. Where contiguous or clustered businesses are built, only one general display sign shall be allowed and that sign must be limited to 80 square feet, to identify these businesses."

One additional sign of 15 square feet may be permitted for each business but shall be attached to that part of the building it occupies and shall not be free standing in any way."

Recommended by the Planning Board.

8. To see if the Town will vote to amend Article II (RESIDENTIAL ZONE A) Section II #1. to read:

"1. A building lot in Zone A shall contain the appropriate square footage as set forth under Article XXII (SOIL BASED LOT SIZE) for the soil and slope which constitutes such lot and all other requirements as set forth in these regulations."

Recommended by the Planning Board.

9. To see if the Town will vote to amend Article III (RECREATIONAL ZONE B) Section II #1. to read:

"1. A building lot in Zone B shall contain a minimum of 45,000 square feet. Further, a building lot shall contain the appropriate square footage as set forth in Article XXII (SOIL BASED LOT SIZE) for the soil and slope which constitutes such lot and all other requirements as set forth in these regulations."

Recommended by the Planning Board.

10. To see if the Town will vote to amend Article VIII (MOBILE HOME PARK ZONE D) Section II with the following:

"2. Mobile Home Parks shall have a minimum mobile home site size of 10,000 square feet per mobile home site and a minimum of 75 feet of frontage on the access side of the lot. Mobile home sites within a mobile home park shall not be subdivided."

Recommended by the Planning Board.

11. To see if the Town will vote to amend Article VIII (MOBILE HOME PARK ZONE D) Section II with the following:

"5. Mobile Home Park plot plans shall be subject to Site Plan approval by the Planning Board."

Recommended by the Planning Board.

12. To see if the Town will vote to amend Article VIII (MOBILE HOME PARK ZONE D) Section II by adding:

"7. There shall be a buffer of 50 feet from any property lines or abutting zones.

Landscape treatment shall consist of natural features, or ground cover, shrubs, or trees as appropriate. The building shall be 75 feet from side and rear abutting buffer zones or property lines."

Recommended by the Planning Board.

13. To see if the Town will vote to amend Article IV (COMMERCIAL ZONE C-1) Section II by adding the following:

"2. Building lots for business only shall:

(1) have a minimum lot size equal to $\frac{3}{4}$ of the minimum lot size required in Article XXII (SOIL BASED LOT SIZE) unless the NH WSPCC regulations require a larger size based on subsurface disposal requirements, and

(2) shall have a minimum contiguous frontage of 125 feet on an approved street."

Recommended by the Planning Board.

14. To see if the Town will vote to amend Article XI (SIGNS) Section III to read:

"1. Signs may be illuminated with external illumination only in Zones A, B, C-1, C-2, C-3, and D."

Recommended by the Planning Board.

15. To see if the Town will vote to add the following to Article XXI (DEFINITIONS):

"BUILDING, ONE AND ONE HALF STORY: A building where the gross floor area of the second floor, where the height from the floor to the ceiling exceeds five (5) feet, is greater than 33%, but shall not exceed 67% of the gross floor area of the first floor (story above grade) of the dwelling. The first floor area, for this calculation does not include basement or garage area.

BUILDING, TWO AND ONE HALF STORY: A building where the gross floor area of the third floor, where the height from the floor to the ceiling exceeds five (5) feet, is greater than 33%, but shall not exceed 67% of the gross floor area of the second floor above grade.

FLOOR AREA, GROSS: Gross floor area shall be the floor area within the perimeter of the outside walls of the building under consideration, without deduction for hallways, stairs, closets, thickness of walls, columns or other features.

GRADE: A reference plane representing the average of finished ground level adjoining the building at all exterior walls. When the finished ground level slopes away from the exterior walls, the reference plane shall be established by the lowest points within the area between the building and the lot line or, when the lot line is more than six (6) feet from the building between the building and a point six (6) feet from the building.

BASEMENT: That portion of a building which is partly or completely below grade (see **STORY ABOVE GRADE**).

STORY ABOVE GRADE: Any story having its finished floor surface entirely above grade, except that a basement shall be considered as a story above grade when the distance from grade to the finished surface of the floor above the basement is more than six (6) feet for more than 50% of the total perimeter, or more than twelve (12) feet at any point.

QUALIFIED SOIL SCIENTIST: A person qualified in soil classification and mapping who is licensed by the Board of Natural Scientists of the State of New Hampshire."

Recommended by the Planning Board.

16. To see if the Town will vote to add to Article II (**RESIDENTIAL ZONE A**) Section VI:

"The maximum building height in Zone A shall not exceed 35 feet measured from the grade to the highest roof peak."

Recommended by the Planning Board.

17. To see if the Town will vote to add to Article IV (**COMMERCIAL ZONE C-1**) Section II:

"5. The maximum building height in Zone C-1 shall not exceed 35 feet measured from the grade to the highest roof peak."

Recommended by the Planning Board.

18. To see if the Town will vote to amend Article XVIII (**ENFORCEMENT AND PENALTY**) Section II to read:

"Whoever violates any of the provisions of this Ordinance shall be punished upon conviction by a civil fine not exceeding one hundred dollars (\$100.00) for each day of violation in accordance with RSA 676:17 or its successor or by a criminal penalty."

Recommended by the Planning Board.

19. To see if the Town will vote to amend Article X (**MULTIPLE UNIT DWELLING STRUCTURES**) paragraph 5 to read:

"Density: Density shall not be more than one-third of the density calculated when using the procedures and standards set forth in the regulations established by the New Hampshire Water Supply and Pollution Control Commission, Administrative Rules, CH.WS 1000.03, WS 1000.04 and 1000.05 or their successive provisions."

Recommended by the Planning Board.

20. To see if the Town will vote to amend Article XV B. Qualified Soil Scientist to read:

"**QUALIFIED SOIL SCIENTIST:** A person qualified in soil classification and mapping who is licensed by the Board of Natural Scientists of the State of New Hampshire."

Recommended by the Planning Board.

21. To see if the Town will vote to amend Section IV, Article III by adding paragraph no. 5 as follows:

"5. Special Exception. For separate lots which were subdivided prior to December 17, 1968, and which are vacant as of March 14, 1989, and which do not meet the lot size requirements of Sections II and III of this Article but which were legally subdivided prior to December 17, 1968, the Board of Adjustment shall grant a special exception upon application made to them, for the construction of and occupancy as a seasonal dwelling, provided the applicant satisfies all of the following conditions:

a) A subsurface disposal system design which has current approval by the State of New Hampshire Water Supply and Pollution Control Commission.

(i) "Privy's" and holding tanks are not permitted, and do not qualify unless the applicant also obtains a variance for the use thereof from the Board of Adjustment.

b) There are no vacant abutting lots which are in common ownership with the lot in question, nor has such common ownership occurred since the date ten (10) years prior to the enactment of this Ordinance.

c) The lot in question has not been owned in common with an improved abutting lot any time since the date ten (10) years prior to the enactment of this Ordinance.

d) The road on which the lot fronts must be at least "summer maintained" by the Town, i.e. be a road which, as a minimum, is maintained by the Town under RSA 231.79 as amended from time to time.

e) The applicant has presented to the Board of Adjustment, an instrument duly executed and acknowledged by the existing owner, in recordable form, and in form acceptable to Town Counsel, containing appropriate covenants and restrictions in favor of and enforceable by the Town, preventing and prohibiting the use of the lot and the dwelling for residential purposes from December 10 to April 1 of each year."

Recommended by the Planning Board.

22. To see if the Town will vote to amend Article XI Section I to read:

1. Only one permanent sign, limited to six square feet of overall dimensions, is permitted on the property to which the sign pertains in Zones A, B, and D.

To amend Article XI Section II to read:

II. Permanent advertising signs are permitted with a total display area of no more than 25 feet in Zone C-1 and 40 square feet in Zone C-2 and C-3, but only as an accessory to the lawful use of a business property and located on said property.

To amend Article XI Section III to read:

No neon, tubular, flashing, internally lighted, revolving or changeable copy signs shall be permitted in any district. Signs may be lighted externally by incandescent lighting only. Such lighting shall be shielded so it does not present a hazard to automotive traffic. Signs shall be lighted only during the hours when the associated establishment is open for business. No sign shall project over any street or sidewalk lane.

To amend Article XI Section V to read:

A permit issued by the Building Inspector of the Town shall be obtained before the erection of any sign greater than five square feet. The use of moveable signs is prohibited. Temporary political signs are permitted.

To amend Article XI by adding Section VII as follows:

No permanent special attention getting devices such as pennant strings, strings of lights or flags other than the State or U.S. flag shall appear on the land or buildings or any premises, and those flags shall be limited in an area to twenty five square feet. Also prohibited are sandwich signs, signs on trees, rocks or other natural surfaces.

To amend Article XI Section IV to read:

Non commercial informational signs limited to six square feet in overall dimensions are permitted in Zones A, B, C-1, C-2, C-3, and D.

To amend Article XI by adding Section VIII as follows:

Any premise sign legally erected prior to the adoption of these amendments may be continued and maintained. Any such sign shall not be enlarged or altered by change in shape or rewording, except signs with replacement letters, unless it is brought into conformity.

By petition.

Not recommended by the Planning Board.

23. To see if the Town will vote to amend Article XVI by adding Section III as follows:

1. A posted notice requesting the granting of a special exception or variance shall be specific as to the nature of the request and the vote of the Board of Adjustment shall be limited to that which has been requested.

2. In addition to the requirements of RSA 676:3, the Board of Adjustment shall issue a final written decision stating its reasons for granting a special exception or variance.

By petition.

Not recommended by the Planning Board.

24. Shall we adopt the provisions of RSA 72:43-f for the adjusted elderly exemptions from property tax? These statutes provide for the following exemptions, based on assessed value, for qualified taxpayers: for a person 65 years of age up to 75 years, \$10,000; for a person 75 years of age up to 80 years, \$15,000; for a person 80 years of age or older, \$20,000. To qualify, the person must have been a New Hampshire resident for at least 5 years; own the real estate individually or jointly, or if the real estate is owned by his spouse, they must have been married for at least 5 years. In addition, the tax payer must have a net income of less than \$10,000, or if married, a combined net income of less than \$12,000, and own net assets of \$30,000 or less, excluding the value of the person's residence.

Recommended by the Budget Committee.

25. To see if the Town will vote to construct and furnish a new Town Public Library; and authorize the town to issue bonds or notes pursuant to NH RSA 33 in the amount of Eight Hundred Twenty Five Thousand Dollars (\$825,000.00) to pay for said facilities and site work, such bonds to be payable over a ten year period; and to accept, receive and apply grants and gifts and interest received from said bond funds toward such construction and furnishing.

Recommended by the Budget Committee.

26. To see if the town will vote to raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

General Government	\$427,274.00
Public Safety	274,425.00
Highways	374,900.00
Sanitation	245,000.00
Health	77,566.91
Welfare	15,000.00
Culture and Recreation	120,004.50
Debt Service	79,082.50
Miscellaneous	110,200.00
	<hr/>
	\$1,723,452.91

Recommended by the Budget Committee.

27. To see if the town will vote to authorize the Selectmen to hire money for the use of the town in anticipation of taxes.

28. To hear reports of Auditors and Committees and to act thereon.

29. To see if the town will vote to authorize the Selectmen to dispose of, by public sale, any real estate acquired by the town through Tax Collector's deeds, excluding those parcels of real estate which the Conservation Commission recommends for retention in the best interest of the town, as provided in RSA 8:42a.

30. To see if the town will authorize the Selectmen to accept private donations of land, interest in land or money for the purposes of contributing to the local matching portion required for acquiring conservation land or interest in land and other costs associated therewith for permanent conservation use under the N.H. Land Conservation Investment Program (LCIP) RSA 221:a, and authorize the Selectmen to apply for and accept the state matching funds under the LCIP for the purposes of acquisition of the fee or lesser interest in conservation land. Said appropriated funds and state matching funds may be expended by majority vote of the Conservation Commission with the approval of the Selectmen.

31. To see if the town will vote to authorize the Board of Selectmen to make application for, to receive and to spend in the name of the town, such advances, grants-in-aid or other funds for town purposes as may now, or hereafter be forthcoming from Federal, State, local or private agencies that would be of benefit to the town.

32. To see if the town will vote to authorize the Library Trustees and the Selectmen to accept a donation of an approximately 3-acre parcel of land to be subdivided from Tax Map 7, Parcel 13, from Mildred and Mabel Emerson for the specified purpose of constructing a new Town Public Library.

33. To see if the town will vote to authorize the Library Trustees to accept, expend and apply any gifts and donations made to the Trustees and to make application for and to receive and spend in the name of the town library any grants or other funds as may now or hereafter, be forthcoming from Federal, State, local or private agencies that would be of benefit to the library.

34. To see if the town will vote to raise and appropriate the sum of \$260,000.00 for the purpose of making capital improvements to highways as recommended by the Road Agent and the Highway Capital Improvements Master Plan.

Recommended by the Budget Committee.

35. To see if the town will vote to raise and appropriate the sum of \$180,000.00 for the purchase of a Class A pumper for the Fire Department.

Recommended by the Budget Committee.

36. To see if the town will vote to raise and appropriate a sum of money not to exceed Fifteen Thousand Dollars (\$15,000) for the purchase of a new cruiser.

Recommended by the Budget Committee.

37. To see if the town will vote to raise and appropriate the sum of \$4,500.00 for the purpose of painting the exterior and touch-up of the interior of the Hampstead Public Library Building.

No recommendation by the Budget Committee.

38. To see if the town will vote to raise and appropriate the sum of \$5,400.00 for the purpose of putting a handicapped ramp on the Hampstead Public Library Building. One half the cost will be reimbursed by LSCA funds, if the application is accepted.

Not recommended by the Budget Committee.

If Article 25 fails, recommended by the Budget Committee.

39. To see if the town will vote to raise and appropriate the sum of \$100,000.00 to establish a Capital Reserve Fund to purchase land and/or toward construction of a new Public Library building.

Not recommended by the Budget Committee.

40. To see if the town will vote to authorize the Selectmen to sell the Hampstead Public Library and the land on which it sets, and to apply the proceeds therefrom for the purchase and for construction of a new Town Public Library to be constructed on land to be donated by Mildred and Mabel Emerson.

Recommended by the Budget Committee.

41. To see if the town will vote to raise and appropriate the sum of \$15,000.00 to put an addition on the town salt shed.

Recommended by the Budget Committee.

42. To see if the town will vote to raise and appropriate the sum of \$9,300.00 for the purpose of putting vinyl siding on the Town Office Building.

Recommended by the Budget Committee.

43. To see if the town will vote to raise and appropriate the sum of \$8,900.00 for the purpose of painting the Town Office Building.

Not recommended by the Budget Committee.

44. To see if the town will vote to raise and appropriate the sum of One Thousand Dollars (\$1,000.00), to be used during 1989, to help support the Crisis Pregnancy Center (of Haverhill, Massachusetts.)

Recommended by the Budget Committee.

45. To see if the town will vote to raise and appropriate the sum of \$405.00 to support the Women's Resource Center.

Not recommended by the Budget Committee.

46. To see if the town will vote to rescind the exclusion for election workers for which remuneration is less than \$100.00 and the exclusion for any position the compensation for which is on a fee basis, and add coverage for these positions under the Federal Social Security Act.

47. To see if the town will vote to authorize the Selectmen to join a subdistrict, under the provisions of RSA 149-M:18, within the existing 149-M District and draft a Solid Waste Management plan for the subdistrict by October 1, 1989. The direction of the plan shall be to set up a Solid Waste Implementation District under the provisions of RSA 53-A. The district will potentially include five (5) member towns: Kingston, East Kingston, Newton, Hampstead and Exeter. In addition, to vote to raise and appropriate the sum of \$8,000 for the payment of the town's share of the planning sub-district's (149-M) budget.

Recommended by the Budget Committee.

48. To see if the town will vote to join a 149M planning sub-district within the existing 149-M district for the purpose of creating a regional solid waste district under State of N.H. RSA 53:A. The Planning District will report back to town meeting for acceptance of the plan and proposed agreement (& budget) within one (1) year. The Plan will include the selection and siting of facilities within the sub-district with the emphasis on reduction, reuse, and recycling of as much waste as possible. The facilities to be sited include: recycling center, also known as a MRF (Materials Recovery Facility — a facility set up to process glass, cans (aluminum and steel), paper, plastics and other items into resaleable material for remanufacturing), a yard and wood waste processing center (to include stumps); a co-composting center (for septage, organic fraction of Municipal Solid Waste (MCW), sewerage treatment plant sludges and bi-products from yard waste) septage treatment/dewatering facility and a landfill (to include study of landfill mining.) Also to be undertaken is an analysis of the collection and transportation network to service the communities and facilities. The sub-district is to devise a plan to handle its waste without the use of incineration and develop plans for a landfill that will not accept ash from a mass burn incinerator. The sub-district will be made up of the following towns and will be formed if at least two of them vote in the affirmative: Exeter, East Kingston, Kingston, Newton and Hampstead. If other towns request to join the 149-M planning sub-district, they will be considered and assessed on a case by case basis.

By petition.

49. To see if the town will vote the following ordinance:
It shall be unlawful for any person to cause noise that will disturb the peace of other residents in the Town of Hampstead between the hours of 10:00 PM and 6:00 AM on weekdays and between 10:00 PM on the previous evening and 7:00 AM on the morning of Saturdays, Sundays and all State and Federal holidays unless a permit has been granted by the Selectmen for a public activity.

This ordinance shall be subject to a warning on the first offense and a fine of \$100.00 on a second offense.

50. To see if the town will vote to set the rate and amount of compensation to be allowed the Town Clerk/Tax Collector in accordance with RSA 41:25 and 41:45-a, in a salary range between \$20,000.00 and \$35,000.00 annually, with the specific rate and amount to be established from time to time by the Selectmen in accordance with standards established by them.

Recommended by the Budget Committee.

51. To see if the town will vote to instruct the town's representative to the General Court to respond to our solid waste crisis by taking all necessary measures to insure that New Hampshire adopt legislation that will permit consumers to return for refund of deposit within New Hampshire all soda, beer, wine cooler and liquor containers and that all unclaimed deposit monies shall be collected by the state and no less than 80% shall be returned annually to local municipalities for the sole purpose of implementing, expanding and reimbursing community recycling projects.

52. To see if the town will vote to raise and appropriate the sum of \$2,452.00 for the 1989-1990 dues to the Southeast Regional Solid Waste District.

Recommended by the Budget Committee.

53. To see if the town will vote to accept the donation of the Eli and Bessie Cohen Foundation for \$4,000.00.

54. To see if the town will vote to accept Faith Drive as a town road.

55. To see if the town will vote to adopt the following Code of Ethics for all town officials and employees:

Each town employee or elected or appointed officer or board or commission member who is elected or appointed or employed shall, by accepting such office, employment or appointment, be deemed to have accepted, consented to and be bound by the following ethical principles:

1. I will not be coerced into decisions by pressure groups; rather, I will listen to all points of view and try to make decisions based on all available data.

2. I will strive to identify my own personal biases and prejudices and to keep them from influencing my decisions unfairly.

3. In the consideration of financial matters, such as budget approval, purchases, salaries, and capital needs, I shall attempt to maintain a balanced sense of fiscal responsibility to the town.

4. I will remember that a town official functions only in a legally posted meeting; I shall not make unauthorized commitments on behalf of the town.

5. If I should disagree with the majority on any vote, I will abide by the decision of the majority.

6. If contacted by a citizen about a town matter not specifically delegated to me, I will refer the matter be taken to the appropriate board or agency.

7. I shall respect the confidentiality of information disclosed in executive sessions.

8. Even though I have been elected by my friends and neighbors, I will view myself as a representative of the entire town and will not be influenced by partisanship; I will consistently support what is best for the total town.

9. I shall not participate in decisions to obtain goods or services to the town from companies in which I hold a significant proprietary interest.

10. I shall not participate in decisions regarding employment of, promotion of, or other benefits to members of my family by the town.

56. We the undersigned registered voters of the Town of Hampstead, petition the Board of Selectmen to place the following proposed Code of Ethics Ordinance on the 1989 Town Warrant to see if the Town will vote to adopt the proposed Code of Ethics Ordinance pursuant to RSA 31:39-a.

Hampstead Town Code of Ethics Ordinance

The Town of Hampstead, New Hampshire, pursuant to RSA 31:39-a ordains as follows:

1. Title

This ordinance shall be known and referred to as the 'Hampstead Town Code of Ethics.

2. Declaration of Policy

A. Where government is based on the consent of the governed, every citizen is entitled to have complete confidence in the integrity of that government. Each local Officer/Employee of the Town, whether elected or appointed, paid or unpaid, including members of Town boards, commissions, committees or agencies (hereinafter referred to as "Town Officer"), must earn and honor that trust by his or her conduct in all official actions. The purpose of this ordinance is to (a) ensure fair consideration of any application or

matter to be voted upon, and also to ensure the appearance of fair consideration so as to maintain public confidence in the integrity of Town government, and (b) ensure that Town Office not be used for personal gain or advantage.

B. In recognition of these principles, there is hereby established a Code of Ethics Ordinance for all Town Officers/Employees.

3. Definitions—As used in this Ordinance, the following terms shall have the meanings indicated:

Abutter—Any person who owns land adjacent to or within 200 feet of a parcel of real property under consideration.

Employee—Each and every person employed by the Town of Hampstead in any capacity whether permanent or temporary, on a contractual basis, full-time or part-time, intermittent, or consultant basis.

Employment Relationship—Exists when a Town Officer/Employee, or a member of his family is employed and compensated by the person or business requesting action or opposing action on a matter before the Town board.

Family—A spouse, children, parents, grandparents, grandchildren, brothers, sisters, aunts, uncles, nieces, nephews, and the parents, grandparents, brothers, sisters, aunts and uncles of the Town Officer's/Employee's spouse.

Financial Interest—Any financial interest, direct or indirect on the part of any Town Officer/Employee which is not common to the interest of other citizens of the Town. Such interests include, but is not limited to an ownership interest, a mortgage interest, and a creditor or debtor interest.

Personal Interest—An interest which shall affect or benefit the Town Officer/Employee or his family which is not common to the interest of other citizens of the Town. Personal interest need not be financial.

Town Officer—Each and every person holding an office or position whether by election or appointment, whether serving with or without compensation.

4. Conflict of Interest

No Town Officer/Employee shall engage in any business or transaction or have a financial or personal interest, directly or indirectly, which is in conflict with or incompatible with the proper discharge of his official duties or would tend to influence or impair his judgment and action in the performance of his official duties. A conflict of interest or incompatibility exists:

(a) if the Town Officer/Employee has a financial and or personal interest in the outcome of any matter under consideration before him or his department.

(b) if the Town Officer/Employee has reason to believe or expects that he will derive a direct financial and or personal gain or suffer a direct financial and or personal loss, as the case may be, by reason of his official activity.

5. Eligibility to Participate

A. No Town Officer/Employee shall introduce, discuss as a member, approve, act upon, or vote upon any motion, resolution, permit, or other matter in which he or a member of his family has a financial and/or personal interest.

B. No Town Officer/Employee shall introduce, discuss as a member, approve, act upon, or vote upon any motion, resolution, permit, or other matter in which he or a member of his family has an employment relationship as defined in Section 3 of this Ordinance.

C. If the matter to be introduced, discussed, approved, or voted upon relates to real property owned by a Town Officer/Employee or a member of his family, or if the Town Officer/Employee or a member of his family is an abutter to such real property, the Town Officer/Employee shall be deemed to have a financial and/or personal interest in the matter and shall not debate the matter and shall disqualify himself from voting or acting upon such matter.

6. Disclosure of Interest

Any Town Officer/Employee who has, knows he will have or later acquires a financial and/or personal interest, directly or indirectly, in any matter under consideration before him or his department in his or its official capacity shall disclose (as soon as he has knowledge of such actual or prospective interest) in writing, the nature and extent of such interest to the chairman of his board (or in the case of an Employee, his appointing board or the board he is accountable to). Such Town Officer/Employee as a member shall not debate the matter and shall disqualify himself from voting or acting on such matter.

7. Confidential Information

Except as may be required by law, no Town Officer/Employee shall willfully and knowingly disclose for financial and/or personal gain, to any other person confidential information acquired by him in the course of and by reason of his official duties or employment. Furthermore, he shall not use such information for the purpose of financial and/or personal gain for himself, his family, or any other person or business with which he is associated.

8. Accepting Gifts and Favors

No Town Officer/Employee shall accept any gifts, favors or something of value, directly or indirectly, from any person, organization, or business/corporation having a direct interest in a particular matter under consideration or interested in any manner whatsoever in business dealings with the Town of Hampstead.

9. Standards of Conduct

(a) A Town Officer/Employee while in the performance of his official duties shall conduct himself at all times in a manner which shall reflect creditably on his position.

(b) A Town Officer/Employee shall adhere to the spirit and letter of any all rules governing his official position, including, but not limited to the contents of this Ordinance.

(c) No Town Officer/Employee shall knowingly or with reason to know use or attempt to use his official position to secure for himself or for others unwarranted privileges or exemptions which are not available to the other citizens of Hampstead.

(d) No Town Officer/Employee shall claim to at anytime act on behalf of any board or department without prior written authorization from the remaining members of the board of department.

(e) No Town Officer/Employee shall use Town property or Town labor for personal purposes.

10. Challenge Procedure

(a) Any resident-voter of the Town of Hampstead may inquire into a possible violation of this Ordinance on the part of any Town Officer/Employee. Inquiries shall be in writing and shall state the grounds for the inquiry. A copy of the inquiry shall be directed to the challenged individual and to his presiding officer.

(b) Such challenged Town Officer/Employee shall be obligated to respond in writing, within seven (7) business days, to the person making the inquiry, to advise whether or not a violation of this Ordinance has occurred or shall occur if the challenged individual acts on a particular matter.

(c) If the resident-voter making the inquiry is not satisfied with the challenged individual's response, he may require the presiding officer of the Town board (in the case of an Employee, his appointing board or the board he reports to) to call for a vote as to whether or not the challenged Town Officer/Employee has violated or shall violate this Ordinance if he acts on a particular matter.

11. Appeals Proceedings

Appeals under this Ordinance shall be governed by RSA 31:39-1.

12. Effective Date

This Code of Ethics Ordinance shall become effective upon its adoption by the resident-voters of the Town of Hampstead.

13. Compliance

Each and every person who is in violation of any section of this Ordinance on the date it becomes effective, shall within sixty (60) days from the effective date remedy his situation so as to comply with this Ordinance.

14. Ordinance Provided to Town Officer/Employee

Each and every Town Officer/Employee shall be furnished by the Town Clerk with a copy of this Ordinance. Each such person shall sign a written acknowledgment that he has received such a copy. The acknowledgement shall be filed by the Town Clerk with the Town Officer's/Employees appointment/personnel papers.

By Petition.

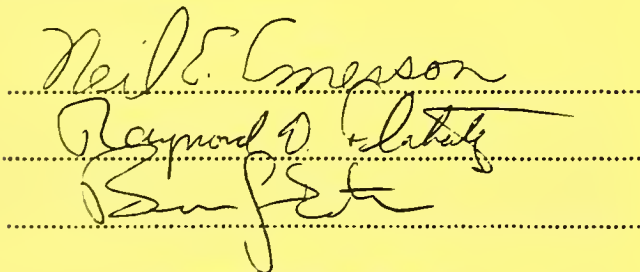

57. To see if the town will vote to install a street light on the corner of Route 111 and Fieldstone Drive at a cost of \$120 per year.

By petition.

No recommendation by the Budget Committee.

Given under our hands and seal, this 27th day of February, in the year of our Lord nineteen hundred and eighty nine.

A true copy of Warrant—Attest:

Selectmen of Hampstead

The polls will not close before 6:00 PM. It is understood that a motion will be made at the opening of the meeting that the polls remain open until 8:00 PM.

Articles 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, and 24 will be voted by ballot on Tuesday, March 14, 1989.

The remaining articles will be voted at the business meeting which will be held on Friday, March 17, 1989, at 6:30 PM in the Middle School Gymnasium.

Article 25 is a bond issue and requires a one-hour voting period after discussion.

ATTENTION

ELDERLY EXEMPTION RECIPIENTS

For persons over 65 who receive the Elderly Exemption and those who think they may qualify for it, there is a new exemption proposed this year by the Selectmen in Article 24. If the Article passes at the Town Meeting, a new application must be filed. All those who received the exemption last year will be mailed a new application form. Those who do not receive one may obtain one from the Selectmen's Office. These applications must be filed with the Selectmen before April 15. If Article 24 does not pass, the extended Elderly Exemption that we now have will remain in effect.

INVENTORIES are mandatory. They must be filed with the Selectmen on or before April 15th. Forms are distributed by mail.

VETERANS should understand that it is their responsibility to request forms for tax exemption. The Green Card is a permanent record and must be filed only once. However, in order to receive the exemption each year, the Inventory must be filled in, signed and in the hands of the Selectmen before April 15th.

The SELECTMEN meet in their office in the Town Office Building on the second and fourth Monday of each month at 7:30 PM.

The PLANNING BOARD Regular Meeting is held on the first Monday of every month at 7:30 PM.

The BOARD OF ADJUSTMENT meets on the first Thursday of every month at 7:00 PM.

Budget of the Town of Hampstead, New Hampshire

Police Department Report—1988

The year 1988 was one of pride and accomplishment for your Police Department. Pride in the fact that all officers became certified by the State of New Hampshire and the accomplishment of reaching our goal of drastically reducing the number of fatal accidents on our roadways. These fatalities were reduced from seven last year to only one this year. This drastic reduction was a direct result of added visibility, stronger enforcement and cooperation by you, the residents of the town. We also feel that the signs encouraging people to drive safely through Hampstead had an effect on this reduction. Court cases were up 200% to a high of 850 cases while the number of accidents remained the same. The number of serious injuries were considerably less. Burglaries were up from nine to eleven and thefts increased from fourteen to twenty six. Our greatest problem was vandalism which showed a marked increase.

A new program was initiated which involves juveniles arrested for criminal mischief ie: vandalism. Court action is waived for first offense if subject and parents agree to pay restitution for damages and allow the juvenile to perform community service. To date over ten thousand dollars has been repaid for damages while the town has received over four hundred hours of free labor. To date there have been no repeat offenders.

During the past year three members of your department attended and graduated from the N. H. Police Academy and were certified as Full Time Police Officers by N. H. Police Standards and Training Council. The officers are Frederick Whiting, Kenneth Owen and Shane Childs. These men plus the Chief, Deputy Chief, twelve certified Part Time Officers, three matrons and four dispatchers give your town one of the most efficient departments in the area. These officers are dispatched twenty four hours a day by dispatchers who are your neighbors, who are always sympathetic to your problems, yet are trained to react to any emergency which might arise. Your officers are in constant radio contact with all surrounding towns for immediate response to any situation. We have a Mutual Aid Agreement with six area towns which allows us the luxury of many extra officers at no added cost to you. Training of all officers is conducted monthly and exceeds all requirements set forth by Standards and Training Council. All the officers have been issued new 9mm. semi-automatic weapons which gives added protection for ourselves as well as you the townspeople. Qualification with this weapon is done semi-annually at our own range with instruction by our own State Certified Range Officer.

We would take this opportunity to thank all Town Officials and other departments for their continued cooperation. We thank all of you for your continued support and assistance which can only improve our service to you.

Fire Department Report—1988

The 50th Anniversary year of the Hampstead Fire Department has been a busy but productive one. With the increased population of Town and the very mobile life style of people today we find out services are in much greater demand. Our level of training is constantly being challenged. To meet or exceed these challenges we have had members in Certified State Firefighter Training Level I and II as well as our own department programs. The automobile extrication portion of this training was on display at the Anniversary Field Days held in July. Incidentally, this event will be held again this August and should be interesting to the public.

In early spring, the new water hole behind Central Station was dug and fenced in. The hydrants behind the school were installed this fall and should prove very beneficial to the fire protection in the center of town. We have tentative plans to light this area for night ice skating.

The fire alarm system was updated with the addition of two more radio boxes which serve four town buildings.

Looking to the future of the fire department, our most immediate needs are to continue with the replacement and upgrading of fire apparatus to keep in step with technology and growth. There are also operational and personnel equipment procedures and policy changes as defined by the National Fire Protective Association which may affect the operation of volunteer fire departments such as ours.

The Firemen's Association has pledged money which will be added to several private donations to purchase and equip a boat to be used for emergencies which occur in or on the lakes and ponds in our area. This will assist our dive team by making for a safer and more efficient response.

Several factors will dictate when an all volunteer department is no longer feasible and we need paid staffing. At this time suffice to say the lower the number of calls we respond to yearly, the longer the department can remain volunteer.

The members of the Hampstead Fire Department are proud to belong to an organization with a 50 year history of service to the towns people and we thank all the organizations who have supported us through the years.

Chip Hastings, Chief
Paul Wentworth, Deputy Chief
Neil Emerson, Captain
Jim Gilmartin, Lieutenant
Kerry Clark, Lieutenant

PREVENT FOREST FIRES

IT IS UNLAWFUL:

To throw down **LIGHTED** matches, cigarettes or other burning substances from vehicles or otherwise.

To set a **CAMPFIRE** on land of another without written permission of the owner or agent and a written permit from the **FOREST FIRE WARDEN** of the town, except authorized recreational areas where suitable fireplaces are approved by the Forest Fire Warden.

To fail to **TOTALLY EXTINGUISH** a campfire before leaving it.

To throw any flammable waste material on, near or adjacent to a public highway or private way in or near woodlands.

To burn **BRUSH OR OTHER MATERIALS** when the ground is not covered by snow without a written **PERMIT** from the **FOREST FIRE WARDEN**. A permit **IS** needed to burn rubbish in an incinerator or outdoor fireplace. Regulation **PROHIBITS** kindling of open fires between 9:00 A. M. and 5:00 P. M. daily except when **RAINING**.

Burning in violation of Air Pollution regulations is prohibited.

To leave slash and mill waste within 25 feet of land of another; or within 50 feet of any great pond or navigable river; or within 25 feet of any river, stream, or brook which will float a canoe at normal water level; or in any stream, river, or brook which normally flows throughout the year; or within 50 feet of any public highway; or within 60 feet of the right-of-way of any railroad; or within 100 feet of any occupied building except a temporary lumber camp. All slash or mill waste shall be disposed of in such a manner, within the area between 50 feet and 150 feet of any great pond, navigable river, or public highway, so that no part of it extends more than 4 feet above the ground.

To fail to report a Forest or Brush Fire or to fail to report to **FOREST FIRE WARDEN'S** call for assistance.

To operate Wood Processing Mills without complying with laws relative to registration and permits.

1988 Rescue Squad Report

We want to thank all citizens and agencies that helped make Hampstead highways much safer this year, one fatality! Keep up the good work and slow down.

We responded to 227 rescue calls in 1988, and generally the number of serious medical injuries was down.

We welcomed two new members to the rescue squad from the public and three new members from the fire department. We would like some additional people to join us volunteers so come on down to the fire station on the first or third Wednesday of any month.

Four of our members spent half a year in the EMT-Intermediate course and all passed the National Exam with flying colors. We now have six EMT-I's. Nine squad members have completed the EMT-Defibrillation (manual) program. With the generous donations of our citizens and the Alexander Eastman Foundation, we purchased a second Life-pac V heart monitor-recorder-defibrillator. We now carry one in each of the rescue vehicles. Five of our member have completed the training and certification as Search and Rescue Scuba Divers adding to our water operation rescue capability.

This year as part of the Fire Department's 50th Anniversary we held our first auto extrication head to head competition. The towns that participated enjoyed it so much that we are continuing it as an annual event.

We thank everyone for their continuing support through the year.

Squad Captain Dave Duston
President Neil Emerson
Training Officer Gregg Stiles

Hampstead Public Library Report—1988

"Information is a resource just as energy is a resource. Both are vital to the well-being of individuals and organizations in today's world." A.G.Oettinger

The Trustees and Staff of the Library again express their thanks for the continued support and understanding of the library patrons during this past year. Use of the facility increases with the physical surroundings remaining the same.

We were, of course, disappointed, that although the majority of the townspeople voted for the new facility in March of 1988, the needed 2/3 vote was lacking. Special thanks go to the Building Committee members of 1987 and the members of the 1988 Committee for the endless hours of time spent in trying to solve the library space problems adequately in a most difficult tax-burden time. Unfortunately, if the voters turn down the proposal for a new facility this March, the gift of land is no longer available to the townspeople, and the Board of Trustees and the Building Committee will have to pursue other avenues that will prove to be more expensive to the taxpayer in the long run.

The proposed building project cost (including site preparation, septic and parking) is \$825,000 for a 7,500 sq. ft. building, to be financed with a ten-year bond issue. The cost per \$1000 assessment is 82¢ the first year, down to 51¢ the tenth year, or an average of 66.5¢ for the length of the bond. The Board of Trustees has voted to use special income to finish any incomplete areas. It is of major concern, that if the project is defeated, the gift of land will no longer be available, and the \$50,000 voted in 1987 for plans may not be applicable in the future.

Total circulation for the year was 29,497 items; adults accounting for 45%, and children 55%. The staff was pleased to welcome the many visits from school classes and various scout and youth groups. We note, with pleasure, the increased usage of non-fiction materials by the children.

The Mother's Club continues to offer a pre-school story hour and donates monies for childrens' magazines. Also, this year, videos, based on books, were purchased to the delight of the patrons. The library offers an additional story-hour, and there is demand for afternoon sessions which we are unable to provide.

We were especially grateful to purchase the 60 volume set of the Library of America from the Michael Turner Memorial Fund as well as a television set for the Children's room. From the Frank Child Memorial Fund, we purchased National Geographic videos. The N.H. Revised Statutes Annotated and a VCR were purchased from the Mary Clark Fund. Thanks, also, to the Hampstead Lioness who donate books on tape that are enjoyed by adults and children alike. Randy and Sally Zeitvolgel donated a McIntosh Computer and printer for library use. Alyson Thompson donated a print of the Library. Also, appreciation goes to all the people who donated books, magazines, and other items.

Our children's craft workshops were conducted by Kathy Hootman, and are now being offered by Sue Dunn. We are sorry that we were unable to offer more of these popular programs for adults and children.

Gail Lapham passed the presidency of the Friends of the Library on to Harriett Grush. Another successful year from the Thrift shop was realized under the direction of Janet Thiboutot and Becky Rooney. Thanks to all who donated items and helped with the shop itself. The Friends have instituted a yearly 'Mary Clark Lecture Series', offering a talk by an author or someone in a related field. The Friends supported the summer reading program, purchased the pass to the Boston Fine Arts Museum, financed the printing and mailing of the 1988 project brochure and the library consultant fees, and sponsored the Library's 100th Birthday Party. This group's continued support cannot be sufficiently recognized, and everyone is invited to join and attend meetings.

"Read-a-saur-us", the summer reading program was enjoyed by all the participants. Suzanne Trested won the 4th annual 'worm race' and Menagerie Theater presented a delightful program. Adele Trested conducted craft programs and the pre-school story hour. The Hampstead House of Pizza helped celebrate the 7th and 8th graders 'pizza' readings.

The staff and Trustees continue to attend workshops, lectures, and classes in library related areas. The library cooperative continues to provide information and solutions to common library concerns.

We were sorry to accept the resignation of Joanne Hennessey and we will miss her many talents, and Kathy Crowley left us to attend college. We welcomed Agnes Martin, Mary Jean Colburn and Jessica Sakash to the staff. Volunteers, Elsie Miller, Margaret Noonan, and Elaine David continue to contribute their time and talents, as does my husband, Ralph Rooney.

Dr. Lincoln Palmer resigned from the Board of Trustees. His time and expertise on the Board and the Building Committee was greatly appreciated. We are grateful to Dr. David Lanning, former Trustee, for completing the unexpired term. Trustees, Joseph Hannigan, David Lanning and Chrm. Pamela Hartung have given much of their time, in a very challenging year, to provide sufficient library service and to plan adequately for future library service.

It is of great concern to the staff that we are unable to offer many services that we feel should be addressed. We have requests for more programming; how-to's, educational, travelogues, and current concerns. We are unable to purchase the quantities of large print books, videos, or audio cassettes that people desire. The library does try to have as wide a range of offerings for as wide a range of interests and ages as possible. Certainly, space curtails many of our endeavors. In the future, types and extent of services will depend upon the physical facilities available.

The town of Hampstead has always been concerned with the betterment of its citizens and has taken upon itself the responsibility to offer services in all areas. Please continue this tradition, by voting "yes" for the new facility.

The Board of Trustees, and the Staff; Mrs. Martin, Mrs. Colburn, Miss Sakash, Mrs. Thiboutot, Mrs. Crowley, and myself have enjoyed working for you and with you and will continue to do so wherever we may be housed.

Respectfully submitted,

Elizabeth B. Rooney, Director

Public Library Building Committee Report—1988

The Trustees of the Hampstead Public Library appointed a 1988 Building Committee which was charged with conducting a thorough review of the nine thousand square foot, \$950,000. new building project. Although the recommended project did not receive the two thirds vote necessary for Town approval at the 1988 Town Meeting, the Trustees were concerned about the fact that they had already expended the \$50,000. appropriated by the Town to obtain working drawings. Also, the offer of a gift of three acres of land on Emerson Avenue, valued at \$180,000. will be withdrawn by the donors if a new library building is not authorized for the site by the 1989 Town Meeting.

An informal poll of Townspeople during the Summer period indicated that a very small percentage of taxpayers realized that the Town stands to lose \$230,000. toward the library building replacement project if the working drawings now paid for and the gift of a land site are not secured for the project.

Architect Peter Tennant of Ingram and Wallace, Manchester volunteered his time to the Building Committee to recommend a way to reduce the size and cost of the existing building design without requiring new, expensive working drawings. Regardless of any reduction in the size of the building, the costs involving site preparation, a well for water, septic system and basic landscaping do not change appreciably. The Trustees accepted the Building Committee's recommendation that 1000 square feet be taken from the adult service area, 500 square feet be taken from the childrens reading area and the function area with study and conference room be left as an unfinished, unfurnished shell.

The revised library building project which is coming before Town Meeting on March 17, 1989 is a 7445 square foot building with a total project cost of \$825,000. We have recommended to the Selectmen that the project be financed with a ten year bond issue. As of January 12, 1989, this reduced project financed over ten years would have an average annual cost to the taxpayer of $.66\frac{1}{2}\%$ per \$1000. of assessed valuation. For the taxpayer at the median assessment, that would amount to the cost of purchasing three and one half books per year.

The Building Committee has advised the Trustees of the Hampstead Public Library that this project plan represents the lowest cost to the Town which will ever be achievable.

We are very grateful to Library Director Elizabeth Rooney and the Library Staff for their untiring support and professional assistance. We also thank Architect Peter Tennant and Library Consultant James Kennedy for donating their professional services without which our final recommendations may not have been possible.

Public Library Trustee's Report—1988

The Hampstead Public Library has continued to strive to maintain its high level of service to the community. This has been accomplished in spite of the crowded conditions and the increase in library usage.

Appreciation goes to the Building Committee members these past few years for their time and conscientiousness in trying to achieve an economical and long-range plan for the solution to library space problems. It is unfortunate, in a heavy-tax year, that the voters must address this issue, but it has become unavoidable due to the possible loss of a gift of land worth approximately \$180,000. It is hoped that the townspeople will vote "yes" to the warrant article for the proposed library building.

For the current building, we have repaired and resingled a section of the roof and added electrical wiring.

We would like to thank the many volunteers, and all those who have given books, magazines, and other articles for library use. The Mother's Club and the Hampstead Lioness have donated videos, books-on-tape, magazines, and other special items to the pleasure of library users. Thanks go to Randy and Sally Zeitvogel for the donation of a McIntosh computer. Also, gratitude goes to the friends and family of Michael Turner for their generous donations from which the 'Library of America' set and a television for the children's room were purchased; and we purchased videos from the Frank Child Fund. Appreciation to the individuals, who wish to remain anonymous, for their donations to the Library Building Fund.

The Friends of the Library remain steadfast in their support of the library. Without them, we could not have hired the library consultant for the building project, the printing of brochures and hand-outs, and other items related to the building proposal.

We were sorry for the resignation of Dr. Lincoln Palmer, and appreciate David Lanning for completing the unexpired term. We thank Ralph Rooney for his continued help in maintaining the building.

We take this opportunity to again express our special appreciation to Becky Rooney, our devoted librarian, and the dedicated efforts of the library staff. Their commitment to serving you, the public, can not be over-emphasized.

The public library is YOUR library, and we are looking forward to your continued support.

Respectfully submitted,

Pamela L. Hartung, Chrm.
Joseph P. Hannigan, Jr.
David D. Lanning

Hampstead Historic District Commission Report—1988

The annual Commemorative Thanksgiving Service, held on Sunday, Nov. 20 in the Olde Meeting House, Emerson Avenue, was once again well attended.

The commission would like to thank Rev. Robert Dobson, Hampstead Congregational Church, for participating in and planning the service. Also participating were the Rev. Patricia Ketzler, East Hampstead Union Evangelical Church, the Rev. Carlos Paz, Island Pond Baptist Church, Father Kent W. Johnson, St. Christopher Church, and the Rev. Florent Bilodeau, St. Anne Church, who delivered the message of Thanksgiving. We also express our thanks to them, to Selectman Brian Eastman, who presented Father Bilodeau with the traditional basket of harvest vegetables and bundle of fire wood as was the custom in the early days, and to Dr. Raymond E. Moore, music director, the combined choirs and to Mildred Emerson, who played the antique pump organ.

This past year the meeting house has been a busy place, with meetings, showers, a wedding and gatherings of various kinds.

The 243 year old building once again came to the rescue of Central School students when classrooms on the left side of school had to be opened up for the new addition. Students used the meeting house for approximately two weeks.

Unfortunately, with constant use and moving of furniture, the floor (believed to be the original) was badly marred. The commission has been informed because the floor is getting thin, it cannot be re-sanded. Anyone using the ground floor are asked to move furniture with care and not 'drag' tables, chairs, etc. across the floor.

The spring bulbs, planted by the Hampstead Garden Club, added

-more-

much color to the beautiful old building as did the shrubs.

Several state dignitaries recently attended a meeting in the Olde Meeting House and commented that they never realized Hampstead has such a beautiful, historic building still in constant use.

Respectfully submitted,

Elsie Taylor Carideo, chairman

Kenneth Parker, vice-chairman

Muriel Gorton, secretary

Priscilla Lindquist, treasurer

George Moore

Hampstead Board of Adjustment Report—1988

During the year the board heard requests for 25 Special Exceptions. Twenty were granted and five denied. Of the 20 that were granted, five were for home occupations.

There were 43 variance requests of which 36 were granted.

At the end of the year, there were two court cases pending.

Respectfully submitted,

Thomas Gaff, Chairman
Hampstead Board of Adjustment

Conservation Commission Annual Report—1988

The Conservation Commission succeeded this year in obtaining preliminary approval for a \$95,000.00 grant from the New Hampshire Land Conservation Investment Program (LCIP) towards the purchase of 25 acres of land abutting our existing conservation area between Stage and West Roads. In addition to the LCIP grant, gifts from a private individual and the French Foundation will be used for the purchase. The donation of 44 acres of land to the town by RUMA Inc. for use as a match property was key in making the application a success. The Commission sincerely thanks everyone involved with this project, especially RUMA Inc., the private individual, and the French Foundation for their generous gifts and Roberta Jordan for her help in preparing the application.

The Commission processed 15 dredge and fill applications, which entailed on site inspections, reports to the New Hampshire Wetlands Board, and reports to the Planning Board. Seven wetland violations were reported and were referred to the Wetlands Board for further action.

Traditional Arbor Day tree distribution was conducted this year with 1000 Douglas Fir and 1000 Blue Spruce seedlings given to the town residents. This event is scheduled to be repeated again this April.

The Commission again co-sponsored the Fishing Derby at Shop Pond with the Civic and Mother's Club.

The Commission has started a project to map all Town owned land and conservation easements. This will be completed in mid 1989 and will be on file at the Town Hall.

Our appreciation to former member Carey Gherman and office secretary Lucy Williams for their valuable contributions over the past year.

The Conservation Commission extends an invitation to all residents to serve on its subcommittees or to become an alternate member. Numerous projects for the upcoming year require only time and enthusiasm.

Respectfully submitted,
Peter Archibald
Ken DeMarco
Dominic Dominijanni
Al Maley, Co-Chairman
Bruce Nadeau
Nick Pangaro, Secretary
Pete Quigley, Co-Chairman

Rockingham Planning Commission Report—1988

The Rockingham Planning Commission provided Hampstead with a variety of services in 1988.

The most significant aid came in the form of preparing the Town's Master Plan. Staff met with the Master Plan Committee seven times. Assistance included preparation of the Introduction, Goals and Objectives, Community Profile, Existing Land Use, Housing and Transportation sections -- including a base map and Existing Land Use map.

Other assistance included:

1. Staff attended a Citizen's for Safer Hampstead meeting and provided assistance to the group by determining whether a list of businesses was available for the Town.
2. Provided Planning Board members with a sample letter to department heads for gathering budget requests.
3. Spoke with Conservation Commission Chairman regarding the possibility of preparing a Land Conservation Investment Program application and reviewed the Town's 1987 Land and Wetland Conservation Fund application.

As a member of the Rockingham Planning Commission, a variety of planning services were provided on a region-wide basis. During 1988 these included:

1. Continued to provide administrative, organizational and planning assistance to the Southeast Regional Solid Waste District. The District is a 21 town organization created to plan for and develop long term solid waste disposal solutions in Southeastern Rockingham County.
2. Completed work on the first phase of a multi-year effort to develop a regional master plan designed to set forth land use and development policies for the region and to develop supporting data for those policies.
3. Organized and hosted the 5th annual Natural Resources Lecture Series in cooperation with the Rockingham County Conservation District and Cooperative Extension Service. Topics included groundwater protection, identifying wetlands, water resource protection and saving open space.
4. Assisted in the organization of and hosted the 13th annual Municipal Law Lecture Series for town officials involved with land-use decision making.
5. Prepared and distributed our annual zoning and building code amendment calendar informing town officials of the required timing of events associated with proposed zoning and building code amendments.
6. Participated in a study organized by the Southern New Hampshire Water Supply Task Force for the purposes of studying water resources and distribution systems in southern New Hampshire.
7. Organized 4th annual Rockingham County Household Hazardous Waste Collection Project providing County residents with environmentally safe disposal of unwanted hazardous household products.

8. Continued to assist in the organization and direction of COAST -- the Cooperative Alliance for Seacoast Transportation -- an organization of public transit providers in Rockingham County, Strafford County and Southern Maine.
9. Continued to assist in Federal, State, and local coordination of highway improvement planning and public transit planning; provided technical assistance to local highway safety committees and performed numerous traffic analyses; continued to work with committees on special transportation needs.
10. Developed and tested a pavement management program to assist communities in making structured inventories of roadway surface conditions; provided technical assistance on highway corridor and signal analysis.
11. Continued to maintain and update our collection of model ordinances, subdivision regulations and other local land use regulations.
12. Produced and distributed to planning boards a report outlining local fees charged by towns, a handbook on strategies for successful adoption of ordinances and codes, and a sample water resources management and protection plan.
13. Participated as an active member of the Seacoast Unites Way's Task Force on Affordable Housing, which is working to develop methods for providing more affordable housing.
14. Sponsored the 5th annual "Legislative Get-Together" to provide a forum for discussion with area legislators of local, regional and state wide land use planning issues and related legislative initiatives.
15. Testified in support of several legislative initiatives, including bills to permit towns and cities to charge developers for off-site costs resulting from development -- so called "impact fees".
16. Organized and held a Building Inspectors Workshop to provide training for local building inspectors.
17. Prepared a report and maps outlining zoning, land uses, natural resources and property owners for land abutting the Squamscott River in Exeter, Stratham and Newfields.
18. Organized and held a Health Officers Workshop designed to provide training and information for local health officers.
19. Assisted the Exeter River Watershed Association in its efforts to protect the Exeter River by promoting coordinated land use regulations.
20. Worked closely with local land agent for the Trust for New Hampshire Lands to publicize the program and assist communities in preparing applications for funding.
21. Prepared and distributed an Annual Report and issue of "Rockingham Notes", the newsletter of the Rockingham Planning Commission.
22. Prepared an updated version of "Regional Facts", a compilation of interesting and informative facts about our region.
23. Prepared and distributed our annual report outlining and explaining RSA amendments made during this year's legislative session.
24. Supplied 1987 Planning and Land Use Regulation books to Planning Boards.

Susan E. Hastings, Vice Chairman
W. R. Clark, Commissioner
Rockingham Planning Commission

Lamprey Health Care Report—1988

Lamprey Health Care marks eighteen years of service in 1989!

Two medical offices, one in Newmarket and one in Raymond, provide primary medical care, preventive health services, community outreach, social services and short term counselling with referral to mental health agencies.

Services also provided by Lamprey Health Care include the Senior Citizen Transportation Program and the Rockingham County Info-Center, information and referral service.

The medical team at Lamprey Health Care consists of six physicians: Sarah C. Oxnard, MD is a Pediatrician and is the Medical Director of Lamprey Health Care. Edward G. Benoit, MD is a Family Physician and is Associate Medical Director at our Raymond facility. Karen O. Brainard, MD is a Family Physician practicing in Raymond. Paul E. Friedrichs, MD and Micki A. Kantrowitz, MD are both Family Physicians at the Newmarket Center. Cynthia A. Rasmussen, MD is an Obstetrician/Gynecologist who directs the Prenatal Program operated by Lamprey Health Care and provides gynecological services. Also on staff at Lamprey Health Care are Michael C. Lewis, Certified Physician's Assistant, Barbara Janeway, Nurse Practitioner and John Mark Blowen, Nurse Practitioner. Registered and Licensed Practical Nurses and a Medical Assistant round out the medical team.

The addition of physicians in recent years has allowed Lamprey Health Care to respond to the growing demand for services in this area.

Lamprey Health Care continues to operate the Senior Citizen Transportation Program. The transportation service enables seniors citizens to remain independent, self-sufficient and active by providing a means to needed services such as food shopping, pharmacy, meals, medical appointments and recreational trips. Three of the busses are equipped with hydraulic lifts to provide services to individuals in wheelchairs.

Lamprey Health Care also operates the Rockingham County Info-Center which provides information and referral services to the residents of the area. Information and referral is available to callers through a toll-free number on a wide range of subjects. The toll-free number is 1-800-582-7214.

Lamprey Health Care wishes to express its appreciation to your community for its support.

Respectfully submitted,

s/Ann H. Peters
Executive Director

Ordinance Committee Report—1988

It is our pleasure to submit to you our report on the activities of the Zoning Ordinance Committee during 1988. For the benefit of new residents, the Zoning Ordinance Committee was appointed by the Selectmen in April, 1987 to address citizens' concerns about the Zoning Ordinance and propose ways to improve it to the Planning Board. The Committee membership is comprised of 6 citizens and one representative each from the Board of Selectmen, the Planning Board and the Zoning Board of Adjustment, each member having equal voting privileges.

As you may recall from our last report, the Committee had rearranged the existing Zoning Ordinance to conform to a proposed new format, without changing any text, and presented it to the Planning Board and the Zoning Board of Adjustment for their verification and approval in September, 1987. We called the document Phase I because it was the necessary first step to identify errors, omissions, contradictions, duplications, etc., in the current Ordinance. While waiting for approval, the Committee continued to meet twice a month and began discussions on improvements that we had already identified as necessary by virtue of our work in developing Phase I.

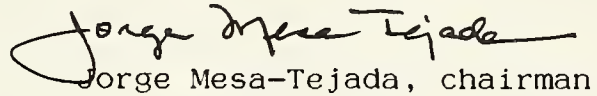

We received the "go ahead" from the Planning Board and the Zoning Board of Adjustment in May, 1988. Shortly thereafter, the Planning Board solicited the Town Attorney's opinion of the proposed restructuring of the Ordinance. In his reply, Mr. Fryer stated that the format was one of the best he had seen, that the revision was long overdue, and that we should go on with our task.

Encouraged by these opinions, the Committee spent the summer and fall months finishing Phase I. We incorporated the suggestions offered by the Planning Board, made corrections in wording and adoption dates discovered in a concurrent legal research of all Town Warrants conducted by the Planning Board, and incorporated all new Articles passed at the 1988 Town Meeting. Further, we began making provisions for the entry of the Phase I reformatted Ordinance into the town's new computer so that it would be ready to receive the subsequent revisions which the Committee would recommend during its work in Phase II, the final work of the Committee.

As I write this report, I'm pleased to report that the Committee is fully immersed in Phase II. We are reviewing and dissecting every word and every sentence to make sure that they are clear and understandable by any citizen and that the provisions in the Ordinance are consistent, well defined, supported by New Hampshire laws, and fair in their requirements. The Committee expects to submit the final proposal to the Planning Board in the fall of 89 so that the Planning Board will present it for your approval in the 1990 Town Meeting, after the customary public hearings are held.

Yes, the work we are doing is tedious and laborious. We believe, nevertheless, that this work is necessary for the good of all of us: after all, it is our Ordinance. We welcome your opinions and inputs. Please join us at 7:30 pm on the first and third Wednesdays of every month at the Town's Office Building.

For the Committee,

A handwritten signature in black ink, reading "Jorge Mesa-Tejada". The signature is fluid and cursive, with a large initial "J" and a long horizontal stroke at the end.

Jorge Mesa-Tejada, chairman

THE COMMITTEE:

Claire Alexander, Brian Eastman (selectman), Beverly Fuller (secretary), Dean Howard, Priscilla Lindquist, Jorge Mesa-Tejada (chairman), Rodney Pica, Jean Schlichte-Farrell (Board of Adjustment), John Williams (Planning Board)

Hampstead Recreation Commission Report—1988

THE RECREATION COMMISSION OF HAMPSTEAD ADMINISTERS AND SUPERVISORS THE RECREATIONAL PROGRAMS AND ACTIVITIES OFFERED BY THE TOWN. THE RECREATION COMMISSION IS MADE UP OF AN ALL VOLUNTEER COMMITTEE; TERRY PAULINI-CHAIRMAN, JOYCE OMERSO-SECRETARY, NELSON CURRIN, AND PHIL TORRE. THE SELECTMAN LIASON IS RAY FLAHERTY. THE RECREATION COMMISSION MEETS TWICE A MONTH ON THE 2nd AND 4th WEDNESDAY AT 7:00pm IN THE TOWN OFFICE BUILDING. THE PUBLIC IS INVITED AND ENCOURAGED TO PARTICIPATE IN THE PLANNING AND RUNNING OF THE PROGRAM.

1988 SAW AN IMPORTANT CHANGE IN THE RECREATION DEPARTMENT. THE HIRING OF A PART-TIME YEAR ROUND RECREATION DIRECTOR. HER NAME IS PATTI CHRISTENSEN. SHE BRINGS TO THE JOB A KNOWLEDGE AND ENTHUSIASM THAT NOT ONLY WILL BENEFIT THE PROGRAMS BUT THE TOWN IN GENERAL.

PARTICIPATION IN OUR SUMMER YOUTH PROGRAMS AVERAGED BETWEEN 150 TO 180 CHILDREN ON A WEEKLY BASIS. ACTIVITIES RANGED FROM SPORTING EVENTS TO ARTS AND CRAFTS. FIELD TRIPS WERE OFFERED AND INCLUDED SUCH ACTIVITIES AS; BOWLING, SWIMMING, HIKING, MINATURE GOLF, AND A VISIT TO THE BOSTON'S CHILDREN MUSEUM.

THE LITTLE RED WAGON, A TRAVELING PUPPET SHOW, MADE THREE APPEARANCES DURING THE SUMMER. THESE SHOWS WERE WELL RECEIVED BY THOSE THAT ATTENDED.

THE MEMORIAL GYMNASIUM WHICH IS UNDER THE RECREATION COMMISSION CONTROL IS STILL THE MOST UTILIZED FACILITY IN TOWN. BASKETBALL AND VOLLEYBALL RUN THE YEAR ROUND. THE BUILDING IS ALSO USED FOR RECEPTIONS, PARTIES, ARTS AND CRAFTS FAIRS, DANCES, BOY SCOUT ACTIVITIES, AS WELL AS OTHER EVENTS. THE BUILDING HAS PROVEN ONCE AGAIN TO BE A VERY BENEFICIAL ASSET TO THE TOWN AND PEOPLE OF HAMPSTEAD. WE WOULD LIKE TO REMIND EVERYONE THAT YOU MUST RESERVE THE GYMNASIUM IN ADVANCE IF YOU WOULD LIKE TO USE IT. THIS CAN BE DONE BY CONTACTING ANY RECREATION MEMBER.

USE OF THE TOWN BEACH EXCEEDED OUR EXPECTATIONS DUE TO THE HOT SUMMER WEATHER. PEOPLE FLOCKED TO THE BEACH AT ALL TIMES DURING THE SUMMER. WEEKENDS WERE ESPECIALLY CROWDED. SWIMMING LESSONS SPONSORED BY THE RECREATION COMMISSION IN CONJUNCTION WITH THE HAVERHILL RED CROSS ACCOMMODATED OVER 150 PARTICIPANTS DURING THE COURSE OF THE PROGRAM.

THE TENNIS COURTS WERE IN CONSTANT USE THROUGHOUT THE ENTIRE SUMMER. TENNIS LESSONS SPONSERED BY THE RECREATION COMMISSION DREW AN OVERWHELMING RESPONSE. THESE LESSONS WERE TAILORED TO THE VARIOUS GROUPS FROM BEGINNERS TO THE ADVANCED LEVEL. THE ANNUAL TENNIS TOURNAMENT SAW THE PARTICIPATION OF AN ALL TIME NUMBER OF RESIDENTS. TROPHIES WERE PRESENTED TO THE WINNERS OF THE VARIOUS DIVISIONS. THE TOURNAMENT WAS A FANTASTIC SUCCESS AND A GOOD TIME WAS HAD BY ALL.

THE ANNUAL FISHING DERBY HELD ON APRIL 23rd, 1988 CO-SPONSERED BY THE RECREATION COMMISSION AND THE HAMPSTEAD CIVIC CLUB SAW APPROXIMATELY 300 YOUNG ANGLERS PARTICIPATE. BOY AND GIRL WINNERS IN EACH OF THE VARIOUS AGE CATEGORIES RECEIVED A PRIZE. ALL OF THE YOUNG ANGLERS ALSO RECEIVED A GIFT IN RECOGNITION OF THEIR PARTICIPATION. OUR THANKS GO TO THE MOTHER'S CLUB AND THE CONSERVATION COMMISSION FOR THEIR ASSISTANCE.

SENIOR TRIPS WERE ONCE AGAIN WELL RECEIVED AND SUCCESSFUL WITH ALL THOSE PARTICIPATING HAVING AN OUTSTANDING TIME. OUR THANKS GO OUT TO

ALL OF THE SENIOR PEOPLE INVOLVED WITH ASSISTING THE RECREATION COMMISSION WITH THE PLANNING AND RUNNING OF THESE TRIPS. THE SENIOR DINNER HELD ON DECEMBER 4, 1988 AT THE MIDDLE SCHOOL SAW APPROXIMATELY 225 PEOPLE ATTEND. TURKEY WITH ALL THE TRIMMINGS WAS SERVED. EVERYONE IN ATTENDANCE HAD A GOOD TIME.

THE BALLFIELDS LOCATED ON HOLIDAY LANE RECEIVED SOME NECESSARY REPAIRS AND UPDATING. THE INFIELDS OF BOTH FIELDS WERE RE-DONE. FENCING AROUND BOTH FIELDS WAS EITHER REPLACED OR REPAIRED.

1988 SAW MANY OF HAMPSTEAD'S YOUNG ATHELETES PARTICAPATE IN THE HERSEY TRACK AND FIELD COMPETITION HELD IN LATE JUNE. THE ATHELETES WERE CHOOSEN FROM THE WINNERS OF THE GREATER HAMPSTEAD CIVIC CLUB'S JUNIOR OLYMPIC COMPETITION. THE TOWN WAS WELL REPRESENTED AND COMPETITIVE. ALL WHO PARTICAPATED HAD A GOOD TIME.

THE RECREATION COMMISSION IS PROJECTING THAT 1989 WILL SEE CONSIDERABLE GROWTH AND PARTICIPATION IN THE EXISTING PROGRAMS, MUCH MORE THAN WAS EXPERIENCED IN 1988 AND HAS PLANNED FOR THE INCREASE. EVEN WITH THIS INCREASE WE REALIZED THAT HOLDING THE LINE ON OUR EXPENSES WAS OUR DUTY IN THE PREPARING OF OUR 1989 BUDGET. THE TOTAL BUDGET FOR 1989 IS DOWN APPROXIMATLY 4%.

A RECREATIONAL SURVEY IS BEING PLANNED TO ASSESS WHAT PROGRAMS AND FACILITIES WILL BE REQUIRED TO FULFILL THE FUTURE NEEDS OF THE TOWN.

THE RECREATION COMMISSION WOULD LIKE TO TAKE THIS OPPORTUNITY TO EXPRESS THEIR THANKS TO ALL WHO HELPED AND PARTICAPATED IN THE PROGRAMS BECAUSE THOSE INDIVIDUALS ARE LARGELY RESPONSIBLE FOR THE PROGRAMS SUCCESS. THE RECREATION COMMISSION SINCERELY HOPES THAT THE TOWNS RESIDENTS CONTINUE THEIR SPIRIT OF VOLUNTEERING THEIR TIME TO INSURE THAT THE SUCCESS WE HAVE ENJOYED IN THE PAST WILL ALSO BE EXPERIENCED IN THE FUTURE.

THE MEMBERS OF THE RECREATION COMMISSION LOOK FORWARD TO SERVING YOU IN THE UPCOMING YEAR. ONCE AGAIN THANK-YOU.

RESPECTFULLY SUBMITTED,

HAMPSTEAD RECREATION COMMISSION

Derry Visiting Nurse Association Report—1988

As your home and community health care agency, Derry Visiting Nurse Association is committed to delivering services which respond to the needs of Hampstead residents. In the recent past and in the foreseeable future, there have been and will be many sweeping changes in health care technology and funding. These changes have put stress on individuals with health care needs and on the organizations which provide health care. It is the Association's desire to work with you in all possible ways on an individual and community-wide basis to solve these problems.

Thus the agency fulfills two roles in your community. The first of these is in the provision of "hands-on" service units. These include:

Acute Care Services: Nursing, physical therapy, occupational therapy, speech therapy, medical social service and home health aide services provided in individual home visits for the acutely ill person. Nursing services can also be provided at our office when more appropriate.

154 of these visits were made to Hampstead residents in the year ending June 30, 1988.

Daily Support Services: Nursing, personal care service, Homemaking and HELP (companion /respite) services provided in individual home visits to individuals with chronic illness or problems of aging. HELP service also provides specialized child care for families with young children. Once-weekly social day care for clients with Alzheimer's and related disorders is available at a site in East Derry.

611 of these visits were made to Hampstead residents in the year ending June 30, 1988.

Health Promotion Services: Community screenings for adult and senior citizens, newborn visits, Well Child and Immunization Clinic services, and additional specialized services are provided in clinic, class and home visit settings. The annual Well Being Day held in Hampstead in cooperation with the Woman's Resource Center is an example of programming to fit this particular community.

111 of these contacts were made with Hampstead residents in the year ending June 30, 1988. (Infant car seat rentals are in addition to this number.)

The town appropriation is a very important source of support for many of these services. When available Medicare, private insurance and other sources pay for individual services. Town funds may be used where these sources do not pay the full cost. Because of the town allocation, Hampstead residents can receive maintenance services at a fee adjusted to their income, and health promotion services, in many cases at no cost.

The second role of Derry VNA is in consultation, education and advocacy for individuals and groups within the community.

Professional staff are available by telephone in the office to answer various questions for community residents. Examples of such questions are immunization recommendations for children and adults, consultation on the most appropriate care arrangement for a certain individual, or advice and assistance in how to access special health resources and funds. Agency staff are also available to work with community residents in planning education and screening events within the community. In addition, Derry VNA works on the state and/or regional level to advocate for funding and services which are important to our communities.

The amount of these activities is not counted statistically as "hands-on" services are. However, they are a very important part of our service to the community, and are made possible almost entirely by town allocations. Again the primary goal of Derry VNA in Hampstead is to provide the kind of services needed and desired by town residents. Please call our office, 432-7776, with your questions and suggestions.

Births Registered in the Town of Hampstead, NH

For Year Ending December 31, 1988

<u>Date of Birth</u>	<u>Place of Birth</u>	<u>Name of Child</u>	<u>Name of Father</u>	<u>Maiden Name of Mother</u>

Brenda Clark, Clerk	1990
George Stokinger, Treasurer	1990

ADMINISTRATION

Terrance F. Holmes	Superintendent of Schools
Richard F. Fugere	Asst. Supt. of Schools
Thomas H. McDonald	Business Administrator

A Time of Transition

The three years I have served on the School Board (1986-1989) have been a period of transition for the Hampstead School District: the School Board, administration teachers, staff and children.

Ginny Clark and Maurie Randall both retired from the School Board after each having served twelve years. Along with new faces on the School Board, there have been changing expectations from the community, reflected in current School Board priorities: goal setting, evaluation, site-based management and computers in the schools.

After eighteen years, Robert Crompton retired as Superintendent of Schools and was replaced by his Assistant Superintendent, Terrance Holmes. The School Administrative Unit No. 55 office (SAU, the top administration of the Hampstead and Timberlane Regional School Districts) moved to a new building next to Timberlane High School, after bulging at the seams in a small rented office. In these three years Hampstead's use of SAU time and personnel has increased dramatically. It has become apparent to both districts that we either need to reorganize our SAU structure and use of personnel or the two districts should separate.

At Pinkerton Academy, Fred Manning has retired after 14 years chairing the Board of Trustees. Student enrollment at the Academy has surpassed 2200. If we combine all the sending towns' first through fourth grades now, they add up to 2844. In eight years (1996) they will be in high school. In 1987 we signed a new contract which after 1992 allows either Pinkerton or Hampstead to give a five-year notice of nonrenewal. Along with the other small sending towns (Windham and Chester), we need to consider if there should be an alternative to Pinkerton for our high school students.

In response to the sharp increase in elementary age children, we built an addition onto Central School, more than doubling the school's size. The children at Central School now boast about their own cafeteria and multipurpose room, as well as sufficient classrooms. To go along with growth, Central School also has a new Principal, Kathleen Sciarappa, and nine new faculty positions.

For the first time in eight years, Bob Little can again focus on being Principal of Middle School (the job he was hired for 11 years ago!). And just in time....two classes are already housed in a trailer, and the census bubble that hit Central School is on its way to Middle School. Luckily, Middle School already has good core facilities of gym and cafeteria. Its main lack is classrooms.

Walking through Central School it becomes obvious that the biggest change in our school district has been growth. We are no longer small. Our combined student enrollment has just passed 1000 (HCS - 418; HMS - 306; PA - 291).

As a result of all these changes, this year we have an interesting personnel mix in Hampstead. Throughout the District we find a combination of the wisdom of experienced staff joining with the vitality and enthusiasm of new staff. Through the years Hampstead students have scored well on national achievement tests and our schools have enjoyed community support. During this transition period, as we pull in our budgetary belts and thank the community for providing the Central School addition, we need to challenge ourselves to use this combination of wisdom and enthusiasm to find ways of excelling that don't require additional funds. And to not let good stand in the way of better.

Ruta Jordans, Chairperson
Hampstead School Board

Crossroads

Terrance F. Holmes, Supt. of Schools

Two of the biggest stories in Hampstead schools this past year have been the problems associated with the building of the new Central School addition and the tax impact associated with paying for it. Much of this negativeness is being countered by the look of joy on the faces of those young children and teachers who now benefit educationally and otherwise from bright, new and delightful facilities.

Where do we go from here? The town continues to grow rapidly and while we currently see some slowing, we know it will be short lived once all those people in Massachusetts feel the impact of the Dukakis miracle gone sour. This growth will be felt most immediately at the Middle School as the current enrollment bubble at grades 1 - 3 moves into that school in the next two years. The question is whether we add on to the Middle School or consider the added expense associated with building a new intermediate level (grades 4, 5, 6) in the East Hampstead area. This solution, while visionary, would have significant added cost associated with land purchase and duplication of core facilities (cafeteria, all purpose areas, libraries, etc).

This solution will allow future development of the Middle School site into a junior/senior high school, should that be the solution to the high school problem when the Pinkerton Academy contract is up in 1997. The good news is that Governor Gregg has promised to explore some form of development impact fee to lessen the cost impact of new school buildings on the local property tax.

The School Board will ask the voters this year for planning money to explore these and other options open to us to solve the future challenges of continued growth. While it is important to work on these issues, it becomes imperative that we work much more cooperatively with other town committees and community groups to solve these problems than we have ever before.

Another challenge facing the Hampstead School District is the current working relationship with the Timberlane Regional School Board in School Administrative Unit No. 55. The increased demand for services by Hampstead, plus the desire for independence in decision making, financial and otherwise, suggest that a further look at that relationship be undertaken and alternatives, however expensive, be explored.

We seem always to be at a crossroads but challenges are also opportunities, which road will we take?

Terrance F. Holmes
Superintendent of Schools

Report of the Principal Hampstead Central School

It is commonly accepted that "communities get the schools they deserve." And as Hampstead can be characterized as a family oriented, civic minded, athletically active, caring community its rich reward is a treasure of an elementary school! The building addition, while it caused considerable inconvenience and distraction during the actual building process, has become a loving home to its students, faculty and staff. Our first graders, graduating class of the year 2000, have the pleasure of enjoying what other first graders in recent years in Hampstead have not had - a real library, a music room, an art room, a gymnasium, spacious, fresh classrooms and a complete special education department. They have a playground and a comfortable area to eat lunch. Their physical surroundings enhance the educational process and allow children to concentrate on the fundamentals of learning. In return, our students have put forth their best effort this year in school.

As the new principal, I visited the Central School each day throughout the summer as construction or remodeling invaded every corner of the building. The pace was hectic for construction workers and it was thrilling to witness the transformation from a shell in many pieces to a completely inhabitable school! As the September opening drew closer the pace became even more hectic and the work for the principal took form. How would busses approach the school? Where would children enter the building? How would traffic flow inside and outside of the building? Where would we temporarily eat? What about the soap and tissue paper in the new bathrooms? When will the phones be connected? While it was tempting to become buried in the many questions, I planned for some administrative time to be devoted to developing an entry plan. The entry process served as a structured, collaborative inquiry into the nature and needs of the Hampstead Central School. Interviews with selectmen, religious leaders, businessmen, civic leaders, town officials, school board members, central office administrators and each teacher highlighted the strengths and needs of the school system. The people were warm, open and insightful. Common themes emerged and it is quite clear that the Hampstead Central School is highly regarded as a nurturing, effective school.

My purpose in studying the school and community was to create a vision for the future which compliments what others are trying to accomplish. Research indicates effective schools are cultivated by principals with clear goals, shared visions and a support structure that allows work to get done. The entry process led to the development of a complex set of goals which have been shared with the faculty, school board and central administration. We have a map for the future and all the tools and talent necessary to strengthen our school program. With continued community support we can deliver quality education in an effective, nurturing learning environment.

Kathleen Sciarappa
Principal

Report of the Principal Hampstead Middle School

The educational program of the Hampstead School District has entered a new phase with the opening of a substantial addition to the Central School in September of 1988.

For the first time in eight years, I am reporting as the Middle School Principal and not as Principal of both schools. The transition to the two principal concept is going very well. The educational administrators meet with our immediate supervisors, Mr. Holmes and Mr. Fugere, on a weekly basis.

My intent in this report is to focus on issues related to student enrollment increases. For the past several years the Central School was involved in a space crunch, while the Middle School was very slowly growing. Now the tables have turned. Historically, the Middle School educated between 225 and 250 children. We now have 306 students. There are 418 students currently enrolled in the Central School. Where are we going to put these children in future years?

Consider the following:

1. We have two sixth grade classes using trailers behind the school this year.
2. We only have 12 rooms that were built as classrooms. By the school year 1992-93, we will need eight additional classrooms for regular education students. That is a 75% increase.
3. Most of our core facilities (gym, cafeteria, etc.) are capable of handling the projected enrollments.
4. Special education facilities need improvement. Students are being educated in very cramped rooms.
5. Some staff are already working in storage closets.
6. The School Board in recent years authorized dividers for the cafeteria and the gym. This is a big help!

The School Board has had a committee active since last spring looking at the District's space and building needs. Many of you will recall a questionnaire about future HMS building needs that was distributed last June.

You will find a warrant article or two in March of 1989 asking for authorization to deal with growth issues. I urge everybody to consider our space needs.

There are many components to an effective school. Certainly, high among these factors are competent teachers, motivated students, time on task, and appropriate space. I'm sure we have the first three ingredients. I wonder when space needs will become too important a factor.

My thanks to all who have contributed to a fine school year!

Robert Little
Principal

Pinkerton Academy Report

I want to thank the Hampstead School Board for giving me the opportunity to submit this report.

At the beginning of the 1988-89 school year there were 2309 students enrolled in our regular education programs with an additional 51 students in special education programs. There were 289 students from Hampstead in regular classes along with 6 students in special education. During the next three years, the enrollment will be stabilizing at a population near 2250 students.

Each marking term there is a solid representation of Hampstead students making the Honor Roll. During the first quarter of the 1988-89 school year, the following students earned this distinction:

HIGHEST HONORS - Senior - Rachel Partridge; Juniors - Theresa MacPhail, Danielle Pelletier, Jennifer Watson; Sophomores - Glenn Crowley, Matthew Emerson and Erika Miles.

HONORS - Seniors - Charles Ashford, Jr., Joseph Beaudoin, Heidi Cambra, Kimberly Cambra, Sara Chapman, Keira Chin, Kimberly Clark, David Currier, Susan Czyski, Erin Farrell, Dale Gerry, Lolita Kotsopoulos, Michael Krewson, Carol Lough, Michelle Mayer, Shannon McConnel, Christopher Pacht, Kevin Paton, Michael Sheridan, Julie Thorne, William Torre, Natasha Turner, Karen Zwearcan; Juniors - Martin Auger, Stephen Beaudoin, Jeffrey Canfield, Jamie Carideo, Mi-Son Chon, Jacob Filip, Robin Fisher, Jennifer Grelle, Pamela Moccia, Jennifer Ott, Jessica Sakash; Sophomores - James Callery, Shannon Currin, Shannon Farrell, Kerri Grant, Leighanne Jezierski, Alison Keiran, Chad Klotzle, Amy Longbook, Brian Marshall, Kristen Meaney, Michael Pavlini, James Stavropoulos, Kelley Sullivan, Clifford Sumner, John Sutcliffe, Doreen Sweeney, Sande Vander; Freshmen - Keith Breinlinger, Carin Carideo, Brian Cayer, Christopher Colotti, April Driscoll, Kristin King, Jason Komulainen, Jennifer Lavoie, Kristin MacDonald, Melanie Spencer, Carolyn Sumner, Janel Sweeney and Bethany Thiboutot.

Hampstead students have also attained the following awards and distinctions: Senior Class President Tracy Grout attended a special Teens Are People state-level conference in Concord last fall.

Heidi Cambra was elected Parliamentarian of the Future Business Leaders of America in the fall.

Shannon McConnell was elected, in September, as Historian for the Pinkerton Chapter of Health Occupations Students of America (HOSA).

Michelle Mayer was named a Commended Student in the National Merit Scholarship Program for this year.

Kimberly Clark was recently named an "Honored Artist" by the Music Department for achieving the 2nd highest score from approximately 450 New Hampshire Students in the All-State Chorus.

Jessica Sakash is one of two alternates on the Pinkerton Granite State Challenge Team, which is in the semi-finals of the Channel 11 competition at the University of New Hampshire.

Erika Miles was named Miss Teen of New Hampshire last summer and named runner-up among the individual state winners in the New England area. From 570 sophomores who were eligible for the 1988-89 Hugh O'Brian Leadership Award, Erika's academic, musical, and ballet talents, together with her community service, placed her among the top 3 finalists for the award at Pinkerton Academy.

Alexia Trihlias is one of 18 Peer Partners at Pinkerton this year. This group of volunteers has been trained by Pinkerton guidance counselors to listen to students who would like to share their problems or concerns with peers.

Erin Dixon received the Fall Coach's Award for Varsity Cheerleading. The sub-varsity Coaches' Awards went to Katy Russo for JV Field Hockey, and Sheila Hannigan for JV Girls Soccer.

Hampstead is also well represented on the various athletic teams in fall, winter, and spring sports.

The results of the 10th grade state-wide testing program in October are shown in the chart below. The chart illustrates scores for sophomores from New Hampshire, Hampstead, and the academy. All scores for the California Achievement Tests are in percentiles - 50th percentile is average. The results were very positive for the Hampstead students.

Special recognition should be given to Katherine Crowley, who earned the honor of Valedictorian for the Class of 1988 at Pinkerton Academy. She is presently attending Michigan State University.

I would like to extend an invitation to everyone to attend the dedication ceremonies for the new fieldhouse in late April or early May.

Bradford Ek
Headmaster

School Warrant—State of New Hampshire

Hampstead School District

To the inhabitants of the School District of the Town of Hampstead,
New Hampshire, qualified to vote in District affairs.

You are hereby notified to meet at the Hampstead Middle School in Hampstead,
New Hampshire, on the thirteenth day of March, 1989, at 7:30 in the evening
to act on the following articles:

1. To see if the District will vote to appropriate, and authorize the School Board to expend up to thirty thousand dollars (\$30,000), received from excess Sweepstakes Aid, for the purpose of planning (demographic and engineering studies) for future school building needs in the Town of Hampstead. (Not Recommended by the Budget Committee)
2. To see if the District will vote to raise, appropriate, and authorize the School Board to expend up to one hundred thousand dollars (\$100,000) to pay for the design and production of biddable documents determined from the results of the study authorized under Article 1. (Not Recommended by the Budget Committee)
3. To see if the School District will vote to authorize the School Board to do all things that are necessary to bring about the Hampstead School District's separation from S.A.U. No. 55 and to form a single district S.A.U. or a multiple district S.A.U., should some other district be willing to join Hampstead in the formation of a new S.A.U., and vote to raise, appropriate, and authorize the School Board to spend an additional one hundred thousand dollars (\$100,000) to achieve the above stated goal. (Subject to State Board Approval) (Not Recommended by the Budget Committee)
4. To see if the District will vote to raise, appropriate, and authorize the School Board to expend up to twelve thousand five hundred dollars (\$12,500) for the purpose of providing health and dental benefits for past Hampstead School District retirees with at least ten years service in Hampstead. Said benefits to be consistent with those offered to similar employee groups. (Not Recommended by the Budget Committee)
5. To see if the District will vote to raise, appropriate, and authorize the School Board to expend twenty-eight thousand eight hundred eighty-four dollars (\$28,884) for the purpose of making renovations to the old section of the Hampstead Central School. (Recommended by the Budget Committee)
6. To see if the District will vote to authorize the School Board to delete the detailed expenditures by account and vendor report from the School District's Annual Report. (Recommended by the Budget Committee)
7. To see what sum of money the District will vote to raise and appropriate for the payment of salaries of School District officials and the support of schools and agents and for payment of the statutory obligations of the District. (Not Recommended by the Budget Committee)
8. To see if the District will vote to authorize the School Board to apply for, accept, and expend, without further action by the School District meeting, money from the state, federal, or other governmental unit, a private source, or donations in other forms (land, equipment, etc.) which becomes available during the 1989-90 school fiscal year, provided that such expenditure be made for purposes for which a school district may appropriate money and that such expenditure not require the expenditure of other School District funds.
9. To see if the District will accept reports of agents, auditors and committees.
10. To see if the District wishes to take any other action which may legally come before the meeting.

Given under our hands at Hampstead, New Hampshire, this seventeenth day of February, 1989.

(ss) Hampstead School Board

Auditor's Report on Financial Presentation

To the Members of the School Board
Hampstead School District
Hampstead, New Hampshire

We have examined the general purpose financial statements of the Hampstead School District as of and for the year ended June 30, 1988, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Asset Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly the financial position of the Hampstead School District at June 30, 1988, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining and individual fund financial statements and schedule listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Hampstead School District. Such information has been subjected to the auditing procedures applied in the examination of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.
